Report of the Select Committee in Reference to the Employment of an Architect, &c.

To the Provisional Council of the County of Peel:

The Select Committee appointed to employ an architect and procure plans and specifications for the erection of a Court House and Jail in the County of Peel, beg leave to report:—

That after much careful deliberation on the part of your Committee, who obtained every information within their reach, and believing that the interests of the County would be faithfully looked after, and adequately secured by the employment of Mr. Kauffmann as architect—that gentleman was accordingly selected.

The understanding which your Committee came to with Mr. Kauffmann conditioned, that he should draw up the necessary plans and specifications for the County Buildings, to superintend the erection of the same, and otherwise to attend to all requisite matters pertaining to the duties of his profession as an architect, for the sum of $900, without regard to the amount which the Council might deem proper to expend in the erection of said Buildings

That your Committee deemed it expedient to visit Toronto for the purpose of consulting with the architect, in reference to necessary preliminary matters connected with the arrangements made with him, and to adopt such steps as would lead to expedite the matter on hand, so that no unnecessary delay might be occasioned.

That as the architect required the levels of the site to be taken, in order that he might proceed with the working plans, your Committee found it expedient and necessary to authorize the Clerk to have said levels taken by a Surveyor, together with a diagram of the same, and forward them to Mr. Kauffmann, who proposed to have the plans in pencil, and approved by the Prison Inspectors, if at all possible, in time to submit them to the Council at its meeting on the 6th of June.

All of which is respectfully submitted.

Chairman.

In reference to the plan of the Court House submitted by Mr. Kauffmann, your Committee beg leave to recommend that it be accepted in terms of his agreement with the Council, with a view to receiving Tenders for the erection of the same, which acceptance for the purpose stated, shall not be deemed an adoption by the Council of said plan and specifications, and that the Clerk be authorized to advertize in the Daily *Globe*, and Daily *Leader*, and the Brampton *Times*, that

Sealed Tenders for the erection of the Court House will be received by him up to 12 o'clock, of July 31st, 1865, and that the plans and specifications may be seen at his office, and that the Council will not be bound to accept the lowest or any Tender.

JOHN LYNCH,

TREASURER'S REPORT.

To Dr. Barnhart, Provisional Warden County of Peel :

SIR :—I have the honor to submit herewith, for the information of the Council, the Annual Accounts and Vouchers. The first being the Account current for the year ending 31st December, 1865. The second is a statement of the Receipts and Expenditure of the Debenture Account. The third is a statement of the Receipts and Disbursements of the County Tax. The fourth is a statement of the outstanding Assets and Liabilities of the County, on the 31st December, 1865; and the fifth is the Estimate of the expenses of the County for the year 1866.

By the Account Current of 1865, you will notice there is a balance to the credit of the County of $8,708 67, which I have taken to the credit of the statement of out-standing Liabilities, (No. 4), which makes the balance of that statement at the credit of the County to be $8,615 12, which is credited as the first item in the resources of the estimate for the year 1866.

By referring to the Estimate for the present year you will perceive that the Amount required for all purposes is set down at $32,213 00, of which amount the completion of the Court House and Gaol, (including furniture for Court House and Gaol, fencing grounds, building Gaol walls, &c.,) will require $25,874 00.

For the redemption of Debentures Nos. 1 and 2, falling due on the 30th June next, $2,000 00; and for Interest on Debentures from the first of September ,1865, to 30th June, 1866, ten months, $1,500 00. You will bear in mind that this last amount falling due on the 30th June, and before any tax can be collected, will require to be borrowed for six months, the Interest of which I have made provision for in the estimate for 1866.

The interest falling due on the 31st December, 1866, will be $900 00, making in all for Debentures issued for 16 months, $2,400 00.

There will be an additional sum of $300 00 required to pay the first six months interest on the new issue of Debentures, which interest is also provided for in the estimate for this year. The balance of the expenses, amounting to $1,584 is required for the ordinary working expenses of the County during the year.

The Resources which I propose for meeting the above expenses are as follows:

Balance of Assets of 1865	$8615 12
Nine Debentures unsold of $1,000 each, at $920 each, amounting to	8280 00
Interest accruing from unpaid Debentures, and Bank deposits during the year	300 00
New issue of Debentures $10,000 00, at $920	9200 00
To be levied on the County	5817 88
Making in all	$32,213 00

All of which is respectfully submitted.

GEORGE GRAHAM,
Provisional Treasurer County of Peel.

BY-LAW No. 4.

To raise by way of loan the sum of $30,000, *for the erection of County Buildings.*

Whereas, by the act passed in the twenty-fifth year of the reign of Her Majesty Queen Victoria, chapter twenty-seven, intituled "An act to repeal two certain acts therein mentioned relating to the separation of the County of Peel from the County of York, and for other purposes," provision is made for the submission of a By-Law by the Corporation of the United Counties of York and Peel, to the electors of the County of Peel, for taking a vote of the said electors on the separation of the County of Peel from the County of York, and the selection of the County Town of Peel, in the manner in the said act set forth, and it was thereby enacted that such By-Law should be introduced by the said Corporation of the United Counties of York and Peel, when it should be petitioned for by a majority of the Municipal Corporations of the said County of Peel, and that if upon any such By-Law being submitted to the electors, the majority of the votes should be in favour of separation, and also in favor of a place within the County for the County Town, the Reeves and Deputy Reeves should meet at the City of Toronto, within one month after the first meeting of the Corporation of the United Counties next after the said vote should have been taken, on such day as the Warden of the said United Counties should name, and should then form a Provisional Council, and should have full power and authority at that or any subsequent meeting to pass a By-Law to raise the funds necessary for the erection of the County Buildings, which By-Law should be valid and effectual to all intents and purposes whatsoever without any submission thereof to the electors.

And whereas, after the passing of the said act, the Corporations of the Townships of Caledon and Chinguacousy, and the Villages of Brampton and Streetsville, all Municipal Corporations of the said County of Peel, and being a majority of the Municipal Corporations of the said County, petitioned the Corporation of the said United Counties for the introduction of a By-Law as provided for by the said act,

And whereas, in pursuance of such petition, the said Corporation of the United Counties of York and Peel, on the twenty-first day of March, One Thousand Eight hundred and Sixty-Five, submitted a By-Law to the electors of the said County of Peel, for taking a vote of the said electors on the separation of the County of Peel from the County of York, and the selection of the County Town of the said County of Peel as provided for by the said act.

And Whereas, a majority of votes on the said By-Law were in favour of separation, and also in favour of the Village of Brampton, (being a place within the said County of Peel), for the County Town.

And whereas, the said Corporation of the United Counties met on the eighteenth day of April, One Thousand Eight Hundred and Sixty-Five, being the first meeting of the said Corporation after the said vote was taken.

And whereas, the Warden of the said United Counties, in pursuance of the said act, named Wednesday, the nineteenth day of the said month of April, for the meeting of the Reeves and Deputy Reeves of the said County of Peel.

And whereas, the Reeves and Deputy Reeves of the said County of Peel, met at the City of Toronto, on the said nineteenth day of April, and were then organized and formed into a Provisional Council.

And whereas, the said Provisional Council have resolved to erect the necessary County Buildings for the said County of Peel, at the said Village of Brampton.

And whereas, for the erection of the said Buildings it will be necessary for the said Provisional Council to raise the sum of Thirty Thousand Dollars.

And whereas, the said Provisional Council have determined to raise the said sum by way of loan, upon Debentures extending over a period of fifteen years from the thirtieth day of December next, after the passing of this By-Law.

And whereas, it will require the sum of Three Thousand and Eight Hundred Dollars to be raised annually, by special rate, for the payment of the interest on the said loan or debt, and create an equal yearly sinking fund for the payment of the principal.

And whereas, the whole amount of the rateable property of the said County of Peel, according to the assessment Rolls of the several municipalities in the said County for the year One Thousand Eight Hundred and Sixty-Five, being the last revised assessment Rolls of the said Municipalities, is Six Millions Six Hundred and Ninety-One Thousand Nine Hundred and eight Dollars, irrespective of any future increase of such rateable property, and of any income from the investment of the sinking fund herein mentioned.

And whereas it will require an equal annual special rate of Five Eighty-Eighths of a cent in the Dollar, in addition to all other rates, to be levied in each year, to raise the said annual sum of Three Thousand and Eight Hundred Dollars for paying the interest and creating the sinking fund hereinbefore mentioned.

Therefore, the Provisional Corporation of the said County of Peel, by the Provisional Council thereof, enacts as follows:

The Provisional Warden of the said County of Peel may raise by way of loan upon the credit of the Debentures hereinafter mentioned, from any person or persons, or body or bodies corporate, who may be willing to advance the same, a sum or sums of money not exceeding in the whole the said sum of Thirty Thousand Dollars, and to cause the same to be paid into the hands of the Treasurer of the said Provisional Corporation for the purposes hereinbefore mentioned.

The said Provisional Warden may cause any number of Debentures, not less than One Hundred Dollars each, to be made and issued, for such sum or sums of money as may be required for the purpose aforesaid, (not exceeding in the whole the said sum of Thirty Thousand Dollars,) and the said Debentures shall be sealed with the seal of the said Provisional Corporation, and signed by the said Provisional Warden, and countersigned by the said Treasurer.

NOTE.

It may be well to explain how it occurred that the Provisional Council passed and repealed so many By-Laws in reference to the issue of debentures to the amount of $30,000, for the erection of the County Buildings.

In the first place, A. F. Scott, Esq., County Solicitor, prepared a draft of By-Law No. 4, and submitted it to M. C. Cameron, Esq., Barrister, who pronounced it properly drawn and valid, with the exception of the clause making provision for the debentures to bear a greater rate of interest than six per cent. per annum, which clause was amended as directed, and the By-Law passed by the

Council; a copy of which was afterwards submittedto the Hon. J. H. Cameron, who was negociating for the purchase of the debentures, who pronounced it invalid, and drafted By-Law No. 5, and forwarded it to the Council, who passed the same, and by request forwarded a copy of it to the Manager of the Canada Life Assurance Company, [who in the meantime had made an offer for the debentures.] The Manager of that Company submitted the By-Law to his Solicitors, Messrs. Burton & Bruce, of Hamilton, who pronounced it invalid, and drafted and forwarded to the Council By-Law No. 6, who accepted and passed the same, and on which the debentures were issued and purchased by the Canada Life Assurance Company, whose offer was the most satisfactory.

First Report of the Standing Committee on Printing.

To the Council of the County of Peel:

Gentlemen—Your Standing Committee on Printing report as follows:—

That they have had before them a communication from Messrs. Chewett & Co., giving a list of prices for assessment rolls and notices, accompanied with samples of the same; also a tender from George Tye, Esq., stating at what price per quire he would supply assessors' and collectors' rolls and notices.

Messrs. Chewett & Co.

Assessment rolls, per quire	66c.
Notices, per quire	37c.

Geo. Tye, Esq.

Assessment rolls, per quire	75c.
Collectors' rolls, per quire	60c.
Notices, per quire	40c.

Owing to the small difference between the tenders, and Chewett & Co. not having given the price of their collectors' rolls per quire, your Committee recommend that the tender of George Tye, Esq., be accepted, on condition that he furnish similar rolls to those of which samples have been sent by Chewett & Co. Your Committee would therefore recommend that the Clerk give notice to George Tye, Esq., to furnish such a number of blank assessors' and collectors' rolls, &c., as set forth in the annexed schedule.

All of which is respectfully submitted.

Second Report of the Standing Committee on Printing.

To the Council of the Corporation of the County of Peel:

The Standing Committee on Printing report as follows:—

That they have had under consideration the printing of the Minutes, Reports, By-Laws, &c., of this Council for distribution, and would therefore recommend that the Clerk do receive tenders for printing a sufficient number of the Minutes, Reports, By-Laws, &c., of this Council, and have them ready at as early a date as possible for distribution as per schedule annexed; and that the Clerk of this Council notify the Clerks of the different Municipalities so soon as the Minutes, &c., are ready for distribution.

Your Committee recommends that the Treasurer do pay for said printing; also, to George Tye, Esq., the amount agreed as per tender, for furnishing Blank Assessors' and Collectors' Rolls, Notices, &c., as set forth in the first report on printing, on the certificate of the Warden.

Your Committee would also beg leave to report, that in accordance with instructions received from your Council they have had one hundred copies of the Standing Rules and Regulations printed at a cost of $16, which amount your Committee recommends to be paid to George Tye, Esq.

Your Committee also recommend the distribution of the printed Minutes as follows:—

To each Warden of outer Counties	1	copy.

Report of the Standing Committee on Education.

To the Council of the Corporation of the County of Peel:

The Standing Committee on Education report as follows:—

They have considered the following communications:—

1st. From Dr. Pattullo, Chairman of the Board of Grammar School, Brampton, asking a grant of money in aid of the funds of said school.

2nd. From Dr. Barnhart, Treasurer of the Grammar School Board, Streetsville, making a like request.

In compliance with the terms of the communications referred to your committee would recommend your Council to grant to the Grammar Schools at Brampton and Streetsville each the sum of two hundred dollars.

Your Committee recommend the following gentlemen as Local Superintendents and Trustees respectively:—

Albion	Rev. H. B. Osler.
Caledon	" Alex. McFaul.
Chinguacousy and Gore	" James Pringle.
Toronto Township,	Mr. Wm. J. Pinney.

For Trustees, Brampton Grammar School:—

John Mathers..............William Hughes,
Dr. Pattullo.

For Streetsville:—
Dr. Barnhart...............William Barber,
John Eakins.

Your Committee have great pleasure in bearing testimony to the efficiency of these institutions in affording opportunities to the youth of our land, for obtaining a good education which would not be available to many on account of the pecuniary difficulties intervening in the case of their wishing to attend any of the higher places of learning.

The Grammar Schools of this County were free during the past year, and at any time charging but a small tuition fee to those desirous of attending them.

All of which is respectfully submitted.

Chairman.

Report of the Committee on Equalizing the Assessments, &c.

To the County Council of the County of Peel:

The Standing Committee on Equalization of Assessment beg leave to report as follows:—

That they have carefully examined the assessment rolls of the several municipalities constituting the County, and find them, with some exceptions (which your Committee would point out) in a very creditable condition.

Your Committee feel it their duty to draw attention to the fact of the small amount of assessment appearing on the Caledon roll for personal property, when compared with the other townships rolls of the County. The Albion roll shews $77,100 personal property, while that of Caledon, an adjoining township, shews the small amount of $17,500, and no taxable income whatever, while the number of eight hundred and fifty-seven appears rated on the assessment roll only one hundred and twenty-four are rated for personal property, which, in the opinion of your Committee, shews great carelessness on the part of the assessors of that township. In order that an equitable rate may be made on the County, your Committee thought it just and right to double the amount of the personal property on the Caledon roll, as shewn in Schedule No. 2. After making the addition alluded to Albion will shew an assessment of $42,000 of personal property above that of Caledon.

Your Committee find that there has been a falling off in four of the rolls in the number of acres when compared with Government returns, viz.: in the Township of Caledon, 1,311; Chinguacousy, 1,418; Toronto Gore, 408; Toronto Township, 8,897½. The Township of Albion shews an increase over the Government returns of 100 acres. The decrease in some of the townships may be, at least, partially accounted for by a portion of the said townships being comprized within the limits of village corporations; also, errors in the addition of the rolls, as in the case of the rolls of Toronto Township, which shews an error of 6,300 acres in the recapitulation.

Your Committee have, to the best of their knowledge and ability, equalized the assessment of the various municipalities so as to make them bear a just relation to each other, and have prepared Schedules Nos. 1 and 2, which they herewith submit.

All of which is respectfully submitted

THE PETITION.

To His Excellency Sir John Michel, K. C. B., Commander of Her Majesty's Forces, and Administrator of the Government of the Province of Canada and Council assembled:

The Petition of the Council of the Corporation of the County of Peel,

RESPECTFULLY SHEWETH,—

That the Gaol of the County of Peel has been erected at a cost to the County of $27,000.

That your Petitioners were subjected to a larger expenditure in the construction of the County Jail than they had anticipated, from the fact that certain changes and alterations were demanded by the Prison Inspectors beyond what the original plans specified.

That your Petitioners are aware that the Government have heretofore made large appropriations to counties to assist them in the erection of their prisons, and your Petitioners feel that under the circumstances they may confidently rely upon similar aid; Therefore your petitioners pray that the Government may make an appropriation out of the Upper Canada Building Fund as a reimbursement to the County for such expenditure, such a sum as your Excellency and Council may, under the circumstances, deem just and right.

And, as in duty bound, your petitioners will ever pray

Warden County of Peel.

Report of the Special Committee in reference to matters connected with the County of York in regard to a settlement with the County of Peel.

To the County Council of the County of Peel:—

The Special Committee appointed to prepare a Statement in reference to certain Assets held by the County of York, of which a proportion ought of right be paid to the County of Peel, beg leave to report:—

Sec. 1. That at the period of separation of the County of Peel from the County of York a certain amount of assets, which had accrued during the existence of the union, remained in the hands of the Treasurer of the latter County.

Sec. 2. The assets to which your Committee refer are:

1. The balance of unexpended appropriation in 1866, in aid of the volunteers.

2. The balance in hand resulting from the taxation on the United Counties in 1866.

3. The City of Toronto Debentures now held by the County of York.

4. The amount arising from the sale of Auctioneers' and Pedlars' Licenses.

5. The amount of arrears of taxes on non-resident lands in the County of Peel.

Sec. 3. That in view of these facts your Committee feel that the County of Peel, is in justice entitled to ask for and receive from the County of York, an equitable proportion of the assets referred to, equal, at least, to that which the County of Peel had contributed towards creating such assets.

Sec. 4. That your Committee would, under these circumstances, recommend that the Warden be directed to transmit a copy of this report to the Warden of the County of York, with a request that he would submit it to the Council over which he presides, for their consideration, in order that such action may be had, as that Council, under a sense of justice to the County of Peel, may deem right and proper.

Sec. 5. That your Committee would suggest the propriety of appointing three members of the Council as a delegation, to confer with the Warden and Council of York on the matter set forth in this report.

All of which is respectfully submitted.

THOMAS SWINARTON,
Chairman.

Report of the Delegates appointed from the County of Peel to confer with the Members of the County of York.

To the County Council of the County of Peel:

The Delegates appointed by the Council of the County of Peel to confer with the Warden and Council of the County of York in reference to certain assets which had accrued during the union of the Counties, remaining at the close of the year in the hands of the Treasurer of the latter County, beg leave to report:

1. That the Warden of the County of York presented to the Council over which he presides a copy of the report adopted by the Council of Peel, in reference to this matter.

2. That the Council of York thereupon struck a Committee composed of Messrs Tyrrell, Wallace, Parnham, Tyson, Wheeler, Bowman, Dr. Hunter and the Warden, to confer with the Delegates from Peel.

3. That a conference accordingly took place on Tuesday, the 29th day of January, 1867, at which the matter to which the report referred was fully considered and deliberated upon.

4. That the result of such conference and deliberation was an expression of the sense of said Committee, conveyed through its Chairman, W. Tyrrell, Esq., that the County of Peel was justly, honorably and equitably entitled to receive from the County of York a proportion of the personal assets, remaining at the close of the year, in the hands of the Treasurer of the said County of York; such proportion being equal to that contributed by the said County of Peel towards creating such assets.

5. That upon this announcement, the question as to the lawful authority on the part of the Council of York arose, (in view of the proviso contained in the 48th Section of the new Municipal Act,) to justify that body in at once making payment, by refunding to Peel the amount to which it had been conceded it was entitled to receive.

6. That in order to ascertain how far the Committee were in a position to report to the Council of York the just and proper view they had taken of the matter before them, and to suggest the payment of the proportional amount acknowledged by them to be due to Peel, they decided upon submitting the question, as to their legal power in the premises, to their County Solicitor.

7. That on the succeeding day the opinion of their Solicitor was obtained, which represented that the Council had no legal authority, "however equitable for the purposes of Peel the claim might be," to make any payment of the funds in hand, constituting the assets referred to; in consequence of which no further action was taken by the Council in the matter, beyond a bare report of the circumstance of having met the delegation from Peel, and submitting to the Council the legal opinion of their Solicitor.

All of which is respectfully submitted.

16. Account of C. Stork, for lamps, oil, stationery, &c., $18 75.

1. In reference to the Petition from Emerson Taylor, President of the County of Peel Agricultural Society, your Committee would recommend your Council to appropriate the sum of $210, and that the said money shall be divided between the County and Township Societies, in the same manner as the Government Grant to Counties and Townships last year.

2. In reference to the communication from the Hon. G. W. Allen, your Committee are of opinion that the subject of so much importance as that of granting aid to the General Hospital should be maturely considered, and recommend that it be taken up at the June meeting of your Council.

3. In reference to the Communication from Colonel P. L. Macdougall, on Drill-sheds, and the petition of J. Knight Riddall, Surgeon 36th Battalion of Peel, asking aid to erect Drill-sheds, having been duly considered, your Committee do not feel themselves in a position to recommend any grant for that purpose at present.

4. In reference to the Communication from the County Auditors, your Committee do not recommend any additional remuneration.

5. In reference to the account of John McNab, Clerk of the Peace for the County of York, your Committee would recommend that the same be paid with the exception of the last item of twenty dollars, leaving the amount of the account, one hundred and eleven dollars.

6. In reference to the account of Messrs. Paterson, Harrison & Paterson, your Committee find that the Provisional Council of 1861 not having authorized or directed any officer thereof to procure the services referred to in the account of Messrs. Paterson, Harrison & Paterson, under dates 18th and 21st March, 1861, for which services a charge is made of $22. The Committee feel that they cannot recommend payment of the same, but the charge under date February 6th, 1861, of $5, having been incurred under direction and authority of the Provisional Council, your Committee would recommend that that amount be paid.

7. The account of Dredge & Co., for 7 medium non-resident land books, index, &c., &c.	$69 75
8. The account of William M. Baird for furniture	33 60
9. The account of William Mathers, 1 load of straw delivered at jail	1 00
10. John Mathers, for goods furnished for the use of the jail	29 40

15. The account of G. Graham, County Treasurer	14 00
16. The account of C. Stork, for sundries....................	18 75
	$189 60

Your Committee having examined those accounts, submitted and certified by the Clerk as correct, recommend that the Treasurer be instructed to pay those sums, and have prepared a resolution to be submitted for that purpose.

All of which is respectfully submitted,

First Report of the Standing Committee on County Property.

To the Council of the Corporation of the County of Peel:

The Standing Committee on County Property report as follows:—

That they have had under consideration a Communication from George Green, Esq., County Attorney, asking for the completion of his office furniture, and alterations in his office.

Also, a Communication from Kesteven & Co., asking for an advance of eight hundred dollars on Jail yard wall.

Also, accounts of Jno. Kesteven & Co., for fitting up Jail per order of Sheriff, amounting to $119 39.

And an account of Jno. Kesteven & Co., for furniture and fixtures for Court House, amounting to $491 08.

And an account of Wm. Peaker, for stoves and pipes for Jail and Court House, per contract, amounting to $373 67.

And an account of Jno. McClure, for wood, amounting to $12.

And a statement from the Treasurer to the affect that a balance of $116 is due to the Architect, Wm. Kauffman, for which amount Mr. Kauffman has given orders on this Council.

And a Communication from William Lindsey, County Clerk, asking for a book-case for his office.

Your Committee have visited the Jail and was very happy to find that as yet no prisoners have been incarcerated therein, and that the Jailer appears to have everything clean and in good order, and that all necessary arrangements for the reception of prisoners have been made.

In reference to the Communication of Geo. Green, Esq., County Attorney,

1. Your Committee would recommend that it be referred to the Commissioners on County Property.

In reference to the Communication of Jno. Kesteven, asking for an advance on the Jail yard wall,

2. Your Committee cannot recommend any advance on the same.

In reference to the account of Jno. Kesteven & Co., for fitting up Jail,

3. Your Committee are of opinion that the charges in this account are unreasonably high, and cannot recommend that more than the sum of $83 87 be paid on it.

In reference to the account of Jno. Kesteven & Co., for furniture and fixtures for the Court House,

4. Your Committee cannot recommend that more than the sum of $419 84 be paid on this account, as they consider the charges very extravagant; one item in the account being for 500 feet of lumber which has not been ordered.

In reference to the account of Wm. Peaker, amounting to $373 67,

5. Your Committee would recommend that the same be paid.

In reference to the account of Mr. McClure, for wood, amounting to $12,

6. Your Committee would recommend that the same be paid.

In reference to the statement of the Treasurer, to the affect that a balance remains in favor of the Architect, Wm. Kauffman, amounting to $116, for which orders have been given on this Council,

7. Your Committee would recommend that the amount be paid.

In reference to the Communication of Wm Lindsey, County Clerk, asking for a book-case for his office,

8. Your Committee would recommend that it be referred to the Commissioners on County Property.

10. Your Committee would recommend that the tender be accepted.

In reference to the tender of Richard Penelton, for cutting wood for Jail and Court House at 30c per cord,

11. Your Committee would recommend that the tender be accepted.

12. Your Committee would recommend the appointment of three Commissioners of County Property, whose duty it shall be to take charge of all County Property, and superintend all repairs that may be found necessary to the County Buildings, and they shall have full authority to make all necessary contracts on behalf of this County, and generally to attend to all business connected with the interests of this County, requiring attention during the recess of the Council, and that they be instructed to give orders on the Treasurer for any necessary contingent expenses, and that John Barnhart, K. Chisholm, and Robert Smith be such Commissioners.

13. Your Committee feel that no expenditure should be permitted in regard to the performance of any work required in or about the County Buildings, or any expense whatever incurred without the authority of this Council, and they would therefore suggest that hereafter no order for any work shall be given, or the payment of any money made except under the authority of this Council or the Commissioners on County Property.

The Petition of the Municipal Council of the County of Peel,

Respectfully sheweth:

That your Petitioners are interested in the building of a Railway from the city of Toronto to the town of Owen Sound, or some other place on Lake Huron or Georgian Bay, and for that purpose your Petitioners are desirous that the Charter granted by a certain Act of the Parliament of this Province, Cap. 156 of the Statutes, passed in the 20th year of the reign of Her Majesty, to the Toronto and Owen Sound Central Railway Company, should be revived.

Your Petitioners therefore pray for the revival of that Act.

And your Petitioners as in duty bound will ever pray.

Second Report of the Standing Committee on Education.

To the Council of the County of Peel:

The Committee on Education beg leave to report on the following matters referred by your Council for consideration:—

1. The application of Dr. Pattullo, Chairman of the Board of Grammar School Trustees, Brampton, asking a supplementary grant of one hundred and fifty Dollars to entitle the Board to receive from the Government the sum of Seven hundred Dollars, being the amount appropriated by the Chief Superintendent out of the Grammar School Fund for the current year.

2. Also, the applications of Dr. Barnhart, Chairman of the Board of Grammar School Trustees, Streetsville, asking for an additional grant of Eighty-six Dollars, to enable the Board to participate in the Grammar School Fund as apportioned by the Chief Superintendent.

3. Your Committee are of opinion that while they regard these applications as deserving the serious consideration of your Council, still they feel that at the first Session of the Council, an adequate grant on the part of the County had been made in aid of such schools, and therefore cannot recommend any additional appropriation at the present time for such purposes.

4. Your Committee have had under consideration a communication from the County Auditors, asking for remuneration for services rendered in auditing the accounts of sub-Treasurers of School Moneys, which set forth in part as follows: that in the early part of the past month they were called upon by the County Clerk to audit the accounts of sub-Treasurers of school moneys. That on such notification, they met (at considerable personal inconvenience) and audited said accounts, but owing to gross irregularities of entries in some of the detailed statements of expenditure, the labours of the Auditors were protracted to an unreasonable length of time.

4. Your Committee have carefully enquired into this "unreasonable time" spent by the Auditors, and find that it extended to nearly a whole day, and recommend that each be paid the sum of Two Dollars for their services.

5. Your Committee have had under consideration a statement of expenses of the Board of Public Instruction for the County of Peel, for the first half of the present year, and find the accounts unusually large, amounting to the sum of $66 16, which is equal to the average formerly paid for the whole year.

Your Committee would under the circumstances recommend the payment of the accounts.

All of which is respectfully submitted.

Chairman.

Third Report of the Standing Committee on Printing.

To the Council of the County of Peel:

The Standing Committee on Printing beg leave to report as follows:—

That they have had under their consideration two accounts from Messrs. Chewit & Co., amounting to Twenty-two Dollars and Thirty-nine Cents; also an account from Mr George Tye, amounting to Thirteen Dollars, which they recommend to be paid.

Your Committee would also beg leave to report, that in accordance with instructions received from your Council, they have considered the propriety of printing the Minutes and proceedings of the Provisional Council for the years 1865 and 1866, and would recommend, That if they could be got done for a small outlay it might be proper to have them printed, but from the appearance of the manuscript your Committee are of opinion that it would make a pamphlet much larger than the Minutes of the last meeting of this Council, perhaps not giving an amount of information adequate to the expense incurred. However, in accordance with your instructions, your Committee reccommend that the Clerk receive Tenders for printing 500 copies of said Minutes, By-Laws, &c.

Your Committee would also recommend that the Clerk do receive Tenders for printing a sufficient number of the Minutes, Reports and By-Laws of this Council, to be distributed as follows:

To each Warden of adjoining Counties one copy; to each qualified Magistrate within the County one copy; to each Clerk, Treasurer and Local Superintendent, one copy.

Township of	Albion	100	copies.
"	Caledon	100	"
"	Chinguacousy	250	"
"	Toronto	250	"
"	Toronto Gore	100	"
Village of	Brampton	100	"
"	Streetsville	50	"

All of which is respectfully submitted.

Also, a communication from the Sheriff, Clerk of the Peace and Clerk of the Crown, asking the Council to pay the house-keeper for cleaning and warming their offices.

Also, a communication from the Council of Brampton, asking an appropriation toward building a Bridge near the Court House.

And a communication from James Hurst, asking for a Cistern for the use of the Court House.

And an account from Hughes & Thistle for one cord of wood, amounting to three dollars.

1. With reference to the communication of Judge Scott. Your Committee would recommend that a Book-case be procured for his room.

2. With reference to the communication of the Sheriff, Clerk of the Peace, and Deputy Clerk of the Crown, your Committee would recommend that the sum of Fifty Dollars additional per annum be allowed the House-keeper, James Hurst, for the extra duty performed in attending to the rooms of the above named Officers.

3. With reference to the communication of the Council of Brampton, your Committee would recommend that the sum of One hundred Dollars be granted towards erecting a bridge across the Etobicoke on South Wellington Street.

4. With reference to the communication of James Hurst, asking a Cistern, your Committee cannot recommend that the same be granted.

5 Your Committee would recommend that the account of Hughes & Thistle, amounting to Three Dollars, be paid.

6 Your Committee are informed that one of the offices in the Court House is used by the Clerk of the Division Court. Your Committee would recommend that the Commissioners on County Property make enquiry into the matter, and if they find that the above named office is used for a Division Court Office, that a fair and reasonable rent be charged for the same, otherwise that the business must be discontinued to be carried on in said office.

All of which is respectfully submitted.

A PETITION

Praying for the passage of a Special Act, to enable the County of York to pay over to the County of Peel a just proportion of the Assets remaining in the hands of the Treasurer of the County of York at the time of the Separation of Peel from York.

To the Legislative Assembly of the Province of Ontario, in Parliament assembled:

The Petition of the Municipal Council of the Corporation of the County of Peel,

Respectfully sheweth:

1. That at the period of separation of the County of Peel from the County of York, a certain amount of assets, which had accrued during the existence of the Union, remained in the hands of the Treasurer of the latter County.

2. That the assets to which your Petitioners refer, are:—1st. The balance of unexpended appropriation in 1866, in aid of the Volunteers. 2nd. The balance in hand resulting from the taxation on the United Counties in 1866. 3rd. The city of Toronto Debentures now held by the County of York. 4th. The amount arising from the sale of Auctioneer's and Pedlar's licenses. 5th. The amount of arrears of taxes on non-resident lands in the County of Peel.

3. That your Petitioners would further represent to your Honorable House, that the question of such personal assets was considered by a Committee of the Council of the County of York, on the 29th day of January, 1867, and an expression of the sense of the Committee was conveyed to the Warden of the County of Peel through the Chairman, that the County of Peel was justly, honorably and equitably entitled to receive from the County of York a proportion of the personal assets, remaining at the close of the year in the hands of the Treasurer of the said County of York; such proportion being equal to that contributed by the said County of Peel towards creating such assets.

4. That notwithstanding the admission on the part of the Council of the County of York, of the justice and equity of the claim exacted by the County of Peel, and their expressed desire to refund the proportional amount acknowledged by them to be due to the County of Peel, yet they were debarred(in view of the proviso contained in the 48th Section of the new Municipal Act) from lawfully doing so.

That your Petitioners pray your Honorable House, in view of these circumstances, to pass a Special Act, conferring authority upon the Council of the County of York to refund such equitable and proportional amount of such assets as aforesaid, to the County of Peel.

And your Petitioners as in duty bound will ever pray.

To His Excellency, the Right Honorable Charles Stanley Viscount Monck, Governor General of the Province of Canada, &c., &c.

The Petition of the Council of the Corporation of the County of Peel,

Respectfully sheweth:

1. That the Gaol and walls connected therewith of the County of Peel have been erected at a cost to the County of $27,000.

2. That your Petitioners were subjected to a larger expenditure in the construction of the County Jail and walls, than they had originally contemplated.

3. That your Petitioners are aware that the Government have heretofore made large appropriations to Counties to assist them in the erection of their prisons, and your Petitioners feel that they may confidently rely upon similar aid.

Therefore your Petitioners pray that the Government may make an appropriation out of the Upper Canada Building Fund, to such an amount as Your Excellency and Council may deem just and right.

And your Petitioners as in duty bound will ever pray.

Third Report of the Standing Committee on County Property.

To the Municipal Council of the County of Peel:

The Standing Committee on County Property beg leave to report:—

That they have had under their consideration a memorial from John Kesteven & Co. claiming One hundred and thirty-six Dollars and Seventy-six Cents; also an account from Alex. Armour amounting to Ten Dollars, for fixtures about the Jail and Court House; from John Bell amounting to a Dollar and Fifty Cents, for two door scrapers.

In reference to the memorial from Kesteven & Co., your Committee can only recommend the payment of Thirty Dollars, as the balance (One hundred and Six Dollars and Seventy-six Cents) is an overcharge, which was disposed of at the last meeting of your Council, therefore your Committee cannot recommend that sum to be paid.

With regard to the accounts of Alexander Armour and John Bell amounting to Eleven Dollars and Fifty Cents, your Committee would recommend the payment of the same.

All of which is respectfully submitted.

OPINION

Of Messrs. Patterson, Harrison and Patterson, in reference to the Collection of Arrears of Taxes on non-resident lands.

TORONTO, MAY 4th, 1867.

DEAR SIR,

In reply to your letter of the 24th ult., we beg to say that in our opinion, though not free from doubt, the duty to collect arrears of non-resident land taxes due in respect of lands situate in the County of Peel, returned to the Treasurer of York and Peel for collection before the dissolution of the Union, notwithstanding the dissolution remains with the County of York the Senior County, the officers of which have, in our opinion, authority to advertize, sell and do all other things necessary for the purposes of enforcing collection by sale, and that the money when thus collected would be the money of the several local Municipalities in the County of Peel with whom the Treasurer of York and Peel or York has opened accounts, and that the local Municipalities could as such recover the money when collected.

We ground this opinion upon a careful perusal of Secs. 120, 123, 126, 129, 157, 158, 159, 160, 163, 167 and 172, of the new Assessment Act, and the absence therein of all provision for transfer of books by the Treasurer of the Union to the Treasurer of the new County, or other provision of any kind, taking from the Treasurer of the Union the obligation to collect arrears of taxes and transferring it to the Treasurer or other officer of the new County.

Yours truly,

PATTERSON, HARRISON &
PATTERSON.

Treasurer of Peel,
Brampton.

In reference to the petition of James Hurst, asking for a soft water cistern for the use of the Court House, your committee, after making inquiry, are of opinion that said cistern is necessary, and as the expense will not exceed the sum of $25, including a pump, recommend to have the same constructed as soon as convenient.

That after due consideration, have come to the conclusion that it is advisable to have the grounds connected with the Jail and Court House properly fenced and planted with ornamental trees.

Your Committee have had a conversation with the Sheriff, and find that a large amount of prison labor could be made available in the erection of the said fence, by digging & planting posts. Your Committee, therefore, respectfully recommend that the Commissioners be instructed to get the grounds fenced in a plain and substantial manner.

All of which is respectfully submitted.

Report of Committee on Education.

To the Council of the Corporation of the County of Peel:

The Committee on Education beg leave to report :—

1. That they have had under their consideration the following documents :

2. A Petition from the Chairman of the Board of Trustees of the Brampton Grammar School, praying for such an amount of grant of money in aid of the School, as in the wisdom of the Council may seem meet.

3. A Petition from the Treasurer of the Board of Trustees of the Streetsville Grammar School, praying for aid in support of said School.

4. A Statement of expenses of the Board of Public Instruction of the County of Peel, for half year ending the 31st December, 1867.

5. The Committee are pleased to learn that the two Grammar Schools in this County, have, during the past year, become more prosperous in regard to the number of pupils in attendance, and more efficient in respect of the general educational advantages which they are designed to confer

6. That in view of the importance of these institutions to the County, as well as in regard to the honour they reflect upon it, as the superior education they impart to its youth, the Committee feel that they are worthy of encouragement and aid from the County.

7. In these circumstances the Committee readily respond to the prayer of the petitioners for aid, and would respectfully recommend that an appropriation of $200 to each of said Grammar Schools be made by the Council.

8. The Committee herewith present to the Council the statement of the Board of Public Instruction, showing an amount of expenditure for the six months preceding the 31st of December, 1867, of $81 38, which the Committee recommend to be paid, less $24 already paid on the certificate of the Chairman of the Board.

9. That the Committee recommend the appointment of the several gentlemen named in resolutions herewith submitted, to the office of Local Superintendents of Education for the several municipalities of the County, as well also the appointment of Grammar School Trusters for the respective Schools of Brampton and Streetsville.

All of which is respectfully submitted.

Report of Commissioners on County Property.

To the Council of the Corporation of the County of Peel:

The Commissioners on County property, beg leave to report:—

1. That in consequence of the various and important duties which devolved upon the Commissioners during the recess, since the June session of the Council, they were obliged to convene more frequently than they anticipated, the pressing urgency of matters that from time to time arose, rendered it necessary in the interest of the County that they should do so.

2. That in order to carry out the wish of the Council as expressed in a resolution of instruction to the Commissioners, they deputed the Warden and the Treasurer to proceed to Toronto, for the purpose of endeavoring to effect an amicable adjustment of the claims urged against the County, by the Contractor of the County Buildings.

3. That the deputation having failed in the satisfactory accomplishment of their mission, the Commissioners ordered the sum of $2,300 to be paid into Court to await the result of a trial upon the matter.

4. That some time subsequently a proposition was made by the plaintiff's solicitors to divide equally the difference in legal dispute. When the Commissioners, after consultation with the County Solicitor, and by post, with the several Reeves of the respective Municipalities of the County, decided upon accepting the proposition, thus finally disposing of a very unpleasant difficulty.

5. That the amount of difference referred to between the contending parties, was $1,146, of which, the Commissioners, rather than subject the County to extraordinary expenses, which were likely to result from protracted litigation, and from the nature of the matters in dispute rendering the issue uncertain, felt it right, with the approbation of the members of Council, to consent to the proposition before alluded to.

6. That on the final winding up of the financial affairs of the County, many of which having remained in an unsettled and undecided state, owing to a variety of circumstances connected with the completion of the County Buildings and the procuring of the requisite furniture for the various offices, together with every necessary matter of convenience in and around such buildings, it is easy to conceive the many serious difficulties the Commissioners had to contend with, and which they were enabled to overcome, as they trust to the satisfaction of the Council, and in consonance with the best interests of the County.

7. That the accompanying Schedule, shows the orders granted by the Commissioners upon the Treasurer, for debts due by the County, and for all the necessary, ordinary and incidental expenses during the half year ending the 31st day of December, 1867.

All of which is respectfully submitted.

Report of Committe on Amendments to Municipal Act.

To the County Council of Peel:

Your Special Committee appointed to consider certain amendments to the Municipal Act, beg leave to report:—

1. That the time at their command has been immeasurably too short to grapple with this important subject—important inasmuch as, it will be recollected that our Municipal Institutions have already attracted the notice of some of the older nations; and, also, when it is recollected that no enactment of our Legislature can compare with this Municipal Act, in its tendency to quicken thought, and teach our people the great lesson of *self-reliance.*

2. That your Committee feeling, that the will of the people alone should be law, and to this end the trammeling of the franchise should be discountenanced, would recommend that so much of the Act as disqualifies the Elector who has not his taxes paid by the 16th of December shall be repealed, so far as the same relates to rural districts.

3. That section 272 be amended so that Municipal Corporations may invest money on first class mortgages on real estate, within the limits of their own municipality, and to an amount not more than *one half* the value of such estate.

4. And that section 413 be so amended that it may be optional with Counties to erect Houses of Refuge.

All of which is respectfully submitted.

ALEX. McLAREN,
Chairman.

Report of Standing Committee on Equalization.

To the County Council of Peel:

Your Standing Committee on the Equalization of Assessment beg leave to Report:

1. That your Committee have examined the Assessment Rolls for the several municipalities of the County, and find them as a whole well executed.

2. That your Committee will make but one exception, and that in relation to Toronto Township. The Government returns for this Township show that it is comprised of 67,200 acres. The number of acres assessed in 1867 are 63,595½. Allowing 600 acres for the Corporation of Streetsville, there remains yet to be accounted for 3,003½ acres. In justice to the other municipalities, this fact required at least a passing notice.

3. That your Committee have equalized the assessment on the several municipalities, and prepared Schedules A and B hereunto attached.

4. And that your Committe would recommend to this Council the importance of the Assessment Rolls being made returnable to the County Clerk's office as early as the first of July in each year.

All of which is respecfully submitted.

ALEX. McLAREN,
Chairman.

TREASURER'S REPORT.

To K. Chisholm, Esq., Warden of the County of Peel,

SIR,

I beg leave herewith to hand you my account of the County of Peel for the year ending 31st Dec., 1867, consisting of the four quarterly accounts with their proper vouchers, together with an abstract statement of the outstanding cash assets and liabilities of the County; also my estimate of the expenses and resources of the County for the year 1868.

You will observe by reference to abstract No. 1, that the expenses of last year exceeded the resources to the amount of $1106 60, or rather that the ordinary working expenses of the County were that amount more than provided for, which amount I have carried to the estimate of the present year.

Last year being our first as a separate and distinct County, and not having the experience of former years by which to be guided, it is not to be wondered at that the estimate of expenses was below the mark, and had it not been for the very large expenditure which the County was put to for printing, and miscellaneous purposes the estimate would have been sufficient, those two accounts alone amounting to $2768 33, about double the amount required for this year. I would just remark here that the principal cause of the printing expenses being so great was in consequence of the orders passed by the Quarter Sessions for Magistrates, complete sets of all the forms being required, and which as I am informed will not require to be renewed for some years to come. The miscellaneous account was largely augmented by orders from the Council for work done, and services rendered in connection with the separation of the County, which will not necessarily be the case this year.

On the 31st December, last, there were four Debentures due amounting to $3800 00, and the interest on all outstanding Debentures amounting to $1350,-00 making in all $5150 00, (all of which have since been paid), at the same date there was a balance at the credit of the Special Rate Account of $6338 42, which leaves a surplus after paying all Debentures and interest falling due in 1867 of $1188 42.

In consequence of erroneous opinions being entertained by a number of the Ratepayers of the County respecting the cost of the County Buildings, I herewith furnish you with a statement of the whole amonnt realized on account of Debentures sold, and the total cost of the Buildings as completed.

I have the honour to be Sir,
Your ob't Serv't
GEORGE GRAHAM,

REPORT OF THE AUDITORS ON COUNTY ACCOUNTS.

To the Warden and Council of the County of Peel :

We, the undersigned, Auditors, beg leave to report that we have carefully examined the accounts of the County Treasurer, for the year ending 31st December, 1867, consisting of detailed statements of receipts and expenditures for that year, and fouud the same correct as compared with the vouchers exhibited, with the single exception of twenty-five cents paid for express charges on a book for which there was no voucher. Shewing a balance in the Treasurer's hands at the close of the year 1867, of four thousand nine hundred and forty-nine dollars and fifty-three cents, ($4949,53.)

Your Auditors further beg leave to report, that the auditing by the Magistrates at the Courts of Quarter Sessions, of accounts to be paid out of the County funds, is a bad system, and, in their opinion, should if possible be discontinued.

All of which is respectfully submitted.

To the Council of the Corporation of the County of Peel.—

The Special Committee appointed to report on the matter of establishing a House of Refuge and Industry in the County of Peel, beg leave to report:

1. That they have duly considered the question submitted to them by the Council, and have come to the conclusion, in view of the information they have been able to obtain, in regard to the expenses connected with the erection of suitable buildings, the purchase of land and general maintainence of a House of Refuge and Industry, that under the present fiscal condition of the County, they could not recommend the Council to take any action upon the matter.

2. That the Committee feel that under the present system, adopted by the Councils of the respective Municipalities of the County, the poor are as well provided for as circumstances will permit, and such assistance rendered to them from time to time as their condition seems to demand, and that, therefore, the Committee are indisposed at the present juncture to recommend any other course.

All of which is respectfully submitted.

Fourth Report of the Standing Committee on County Property, Roads and Bridges.

To the Council of the Corporation of the County of Peel :—

The Standing Committee on County Property, Roads and Bridges report as follows :

That they have had under consideration the following petitions :

1. A petition from William Anderson and 41 others, praying this Council to take such steps as will insure the opening of the Base Line between the Townships of Chinguacousy and Toronto, in the neighbourhood of Churchville, and crossing the River Credit.

2. A petition from Daniel Smith, praying for a grant of money for the purpose of repairing the Town Line between the Counties of Peel and Halton, opposite to Lot No. 32, in the Township of Chinguacousy.

3. A petition from Simon Plewis, and 48 others, praying for a grant toward repairing a hill on the Town Line, between the County of Peel and Halton, opposite Lot No. 30, in the Township of Chinguacousy.

1. In reference to the petition of William Anderson, and others, your Committee is not in possession of sufficient information to warrant them in making any recommendation, this not being a County Line, but hope that the Local Municipalities will take the matter up and make such arrangements as may be satisfactory to your petitioners.

2. In reference to the petition of Daniel Smith, your Committee would recommend that it be referred to the Local Authorities with the understanding that it will be attended to in due time.

3. In reference to the petition of Simon Plewis, and others, your Committee, after due enquiry, find that there is a very dangerous hill on that portion of the Line, and which is likely to remain so unless a public grant is given to assist in cutting it down. Your Committee, therefore, recommend that the sum of one hundred dollars be granted for the aforesaid purpose, on condition that the County of Halton grant a similar sum, and your Committee further recommend that J. P. Hutton, Esq., be a Commissioner to see to the proper expenditure of the money.

Your Committee have visited the County Jail, and find that there are only two prisoners confined therein, (males,) who are serving out a term of imprisonment.

Your Committee have also to report that they found the building in a very clean and satisfactory condition.

All of which is respectfully submitted.

REPORTS.

Report of the Delegates.

To the Council of the Corporation of the County of Peel:—

The Delegates appointed by the Council of the County of Peel to confer with the Council of the County of York, with a view to a final adjustment of certain claims against the latter County, beg leave to report:

1. That on Tuesday, the 9th instant your Delegates had an interview with the Warden of the County of York, to whom they furnished a copy of the resolution adopted at the last meeting of your Council, setting forth the nature of the claim preferred by the County of Peel against the County of York.

2. That on the following day the Warden of York brought the Resolution referred to before the Council over which he presided, and a motion thereon having been proposed and carried, that the Delegates from Peel should be heard before the Council, one of them addressed the Council at length, affording the fullest explanations and information on all the important facts connected with the matter, and urging the propriety of the appointment of a Committee to confer with your Delegates, to investigate into and report upon to the Council the result of their deliberations.

3rd. That in compliance with such request a Committee was appointed, before whom your Delegates appeared and took part in the discussions on the question submitted to them, and upon a thorough enquiry being instituted into the financial status of the late United Counties, at the period of separation from York, it was ascertained that the assets remaining in the hands of the Treasurer on the 31st day of December, 1866, amounted to $11246.21, whereupon it was decided by the Committee that one-third of this sum, (or thereabouts,) honestly belonged to the County of Peel.

4. That on the succeeding day the Report of the Committee was submitted for final action before the Council, and by virtue of a motion to that effect, your Delegates were permitted to express their views upon the Report, which tended greatly to strengthen the hands of Councillors who advocated the rights of Peel, and secured a triumphant success, the report being finally adopted by a vote of 15 to 9.

5th. That your Delegates find it their duty to report to this Council, the kind and courteous manner with which they were received and treated by the respected Warden of York, whose advocacy of the claims of Peel reflected honor upon him as a man and credit upon the high position he occupies—at the same time your Delegates would not omit to express the feelings of respect they entertain towards every gentleman of the Council of York, who supported the manifest rights of Peel, and they cannot but strongly express their regret, as well as surprise, that there were to be found in that Council, nine men who would deny justice to Peel—a County which had been so long connected with York, and to which it had so largely contributed to enrich.

6th. That your delegates would recommend the acceptance of the offer of the County of York, as a final settlement of the claims of the County of Peel, and would suggest that the Warden and Treasurer be authorized by this Council to receive from the Warden and Treasurer of York, the amount named in the Report hereunto annexed, and to grant an acquittance in terms of the requirements of such Report.

All of which is respectfully submitted,
[Signed] J. BARNHART,
Chairman.

Council Chamber, Brampton,
June, 18th, 1868. [Adopted.]

Copy of a Report adopted by the County Council of the County of York, and referred to in the foregoing Report.

The Select Committee appointed to confer with the Deputation from the County of Peel, beg leave to report:

That they have gone into a careful and minute investigation of the state of the finances of the united Counties of York and Peel at the date of the withdrawal of the County of Peel from the said union, and find the amount of assets over and above the liabilities, including City of Toronto Debentures, to be, on the 31st December, 1866, eleven thousand two hundred and forty-six and twenty - one hundredths dollars, ($11246.75,) and believing the County of Peel in point of equity to be justly entitled to one-third, (or thereabouts,) of these assets,

Your Committee would most respectfully recommend that the Treasurer of the County of York be instructed to pay to the order of the Municipal Corporation of the County of Peel, the sum of three thousand seven hundred and forty-six dollars and seventy-five cents, ($3746.75,) as follows, viz:—In City of Toronto Debentures, three thousand five hundred dollars, ($3500.00,) and in current money of the Province, two hundred and forty-six dollars and seventy-five cents, ($246.75,) provided always that the County of Peel shall acknowledge through its proper authorities the receipt of this amount, in full of all claims or preferments, that the said County of Peel had, or may have, arising from or growing out of separation of the said Counties against the County of York.

All of which is respectfully submitted.

NOTE.—By resolution on the Second Day of the Session the name of Mr. McLaren was added to the Standing Committee on Equalization of Assessment, and that of Mr. Kirkwood, to the Standing Committee on Printing and Contingencies. W. L., *Clerk.*

Report of the Commissioner on County Property on the various matters referred since the lest meeting of the Council:

To the Council of the Corporation of the County of Peel:

The Commissioners on County Property respectfully submit the following report on the several matters which have come under their consideration since the last meeting of the Council:

1. That in consequence of the various duties which devolved upon the Commissioners during the recess since the June Session of the Council, they had to meet more frequently than they anticipated. Various matters affecting the interests of the County rendered it necessary that they should do so.

2. That in order to carry out the wish of the Council as expressed by resolutions of instruction, they ordered the Clerk to prepare Plans and Specifications, preparatory to advertising for Tenders for the erection of a Privy for the use of the Court House, and the construction of a Fence and Bents to enclose the grounds in connection with the County buildings, which Plans and Specifications were duly prepared and adopted by your Commissioners, and the Clerk instructed to advertise for Tenders for the construction of the various works.

The Commissioners received but one tender for the erection of the Privy, which tender was received from James Hamilton offering to complete the same for the sum of $88 00, which your Commissioners considered reasonable and awarded him the contract which he completed in terms of his agreement.

4. The Commissioners received the following tenders for the construction of the bent and different kinds of fence, viz:

From Smith, Hull, and Hamilton:

19 rods of Bent, at $16 75 per rod...........................	$328 25
7 rods of rough Board Fence, close, at $3 00..................	21 00
10 rods dressed Board Fence, close, at $5 00,................	50 00
37 rods Picket Fence on the North and South sides of the County Lot, at $5 00.........	185 00
18 rods Picket Fence on the Bent, at $4 00,................	72 00
2 Water Gates at $20 00 each,	40 00
	$ 686 25

From Dawson & Armour:

16 rods of Bent at $18 per rod	$288 00
3 " " $20 50 "	61 50
55 rods Picket Fence at $4 12,	226 60
10 rods of dressed close Board Fence, at $4 15,................	41 50
7 rods of rough close Board Fence at $2 50,................	17 50
2 Water Gates at $27 00 each,	54 00
	$ 689 10

From James Hamilton:

37 rods Picket Fence at $5 25, per rod.........	$194 25
18 rods Picket Fence at $4 75 per rod.........................	85 50
10 rods of close Board Fence, dressed, at $5 20 per rod....	52 00
7 rods of close Board Fence, rough, at $3 per rod,.........	21 00
2 Water Gates at $27 each....	54 00
	$787 75

5. The Commissioners after due consideration accepted the tender of Smith, Hull and Hamilton, it being the lowest, and instructed the Clerk to prepare an agreement, which was duly entered into and the various works executed in a manner satisfactory to your Commissioners.

6. Your Commissioners, during the progress of the work referred to, found it necessary in order to its greater security, to have additional timber and posts put in, for which an amicable arrangement was effected with the contractors for an additional sum of thirty five dollars.

7. Your Commissioners as instructed by resolutions of Council, found it necessary during the recess to dispose of one of the Debentures of the City of Toronto held by your Treasurer amounting to the sum of $1,000, which debenture was sold to the Council of the Corporation of the Township of Toronto, at 95 cents in the dollar, which your Commissioners consider a satisfactory rate, as the debenture had 15 years to run.

8. Your Commissioners have had before them for their consideration, the Report of the Commissioner appointed by the Council of this County to act in conjunction with one appointed by the Council of the County of York, in the construction of a bridge over the river Etobicoke, on the boundary line between the counties of York and Peel, which they considered satisfactory and ordered payment of the various accounts connected therewith, as set forth in the Schedule annexed.

9. Your Commissioners have had laid before them, quarterly, for their consideration the account passed by the Quarter Sessions, which, upon careful consideration, they were compelled, in some instances to reduce by striking out items for which there was no tariff and no statutory authority to warrant their payment. There were two accounts which your Commissioners found necessary to refuse the payment of in toto, viz:—The Postage and Stationery account of the Clerk of the Peace, which refusal was based on the following information: On the fifth day of February, 1868, the Council of the County of York (by resolution) instructed the Chairman of their Standing Committee on Finance to obtain the opinion of counsel as to the legality of the Clerk of the Peace being an officer paid by fees for all duties connected with his office, charging the County Council for postage and stationery for the use of his office. Upon such instruction the opinion of M. C. Cameron, Esq., Q. C., was obtained, and which reads as follows: "As to the legality of the Clerk of the Peace charging to the County Council postage and stationery, I am of the opinion that the Clerk of the Peace cannot legally make the charge referred to against the County."

10. Your Commissioners instructed the Clerk to advertise for tenders for the supplying of wood required for the use of the County Buildings during the current year, which tenders were received up to the 16th day of December last, at which time they met for the purpose of opening and considering the same, and accepted the following tenders—they being the lowest:—

The tender of T. P. Lundy 25 cords of wood, at $3 25 per cord.

The tender of W. Scott, 10 cords of wood at $3 50 per cord.

The tender of C. H. Dyer, 45 cords of wood at $3 50 per cord.

The tender of James Grogan, 20 cords of wood at $3 50 per cord.

The tender of Thomas Black, 10 cords of Wood at \$3 62½ per cord.

Making a total of One Hundred and Ten Cords, the greater part of which has been delivered.

All of which is respectfully submitted.

Report of the Special Committee appointed to consider the advisability of granting a Sum of Money in aid of the suffering inhabitants of the Red River Settlement.

To the Council of the Corporation of the County of Peel:

Your Special Committee beg leave to report that in their opinion it is the duty of Communities as well as individuals to assist each other, and especially so in time of want, and as the want of food is the greatest calamity that can befal any people, and believing that the failure of the crops of the inhabitants of Red River Settlement is causing a great deal of suffering, and that unless they receive timely aid they will still suffer greater hardship:

Report of Alex. McLachlan Commissioner on Roads and Bridges in conjunction with the County of Wellington.

To the County Coucil of Peel :

The Report of your Commissioner appointed in June last, to act in conjunction with Commissioners from the County of Wellington, on road opening, showeth :

That said Commissioner met at the place directed by you, on the Town Line between Caledon and Garafraxa, and finding the allowance for Highway composed mainly of a cedar swamp in its natural wildness, concluded to let the opening out of the same by auction, and in sections of Forty Rods each. The first job, however, which we let was the grading of a hill according to a certain plan, and for the sum of Thirty Dollars. The first section of forty rods was let at 28 cents per rod. This section was a close cedar swamp in which two rods wide were chopped, and sixteen and a half feet wide in the centre of said chopped line, were cleared of stumps and all other timber.

2nd section, same as above, let at 20 cents per rod.

3rd section, same as above, let at 19 cents per rod.

4th section was hardwood, and let at 35 cents per rod. This included levelling of "cradle knolls."

5th section, cedar swamp, was let at 28 cents per rod.

6th section, including 2 small bridges, let at 28 cents per rod.

7th section, swamp, let at 25 cents per rod.

8th section, hardwood, knolls levelled, let at 20 cents per rod.

9th section, swamp, let at 22 cents per rod.

10th section, including a cedar bridge 6 rods long, and raised on abutments 3 feet high, was let in a lump for the sum of $19.75.

11th section, swamp, was let at 30 cents per rod.

A job of grading a hill was let at $42.00

This left us a balance on the $200.00 of 4.25; our share of this [$2.12½] I allowed my Co Commissioner to expend in making two small bridges, he residing near the place.

Against this last job, grading a hill, I have retained the sum of $10.00, as the work was not up to specifications, which amount remains yet with me to be expended.

Upon the whole, I feel you have obtained good value for the money. Over four hundred rods through a wild cedar swamp, including bridging of streams and grading of hills, are now opened and fit for travel, and a good winter road.

I spent five days in letting and passing said road work, for which I charge your Council the sum of two dollars each day.

All of which is respectfully submitted.

ALEX. McLACHLAN,
Commissioner.

MEMORIAL.

A Memorial to the Commons of the Dominion of Canada, praying for additional pay for the Volunteers while in attendance at Battalion Drill.

To the Honorable the House of Commons of the Dominion of Canada, in Parliament Assembled:

The Memorial of the County Council of the County of Peel, respectfully sheweth:

That whereas it is the duty of the Government of our Country to provide an ample Military defence against invasion,

That a well organized Volunteer force is the best measure of defence.

That the Act in this behalf should be amended so far, as that it shall make better provision for the Volunteers in their attendance on Battalion Drill.

That this Council, in June last, (in order to make up for the scant pay of our brave defenders,) voted, unanimously, the sum of Eleven Hundred and Seventy-five Dollars, to meet the Billeting of the Peel Battallion.

That your Memorialists deem it but just and fair to the Volunteers, that in addition to their present pay, the Government meet the expenses of their billet, and conveyance to and from head quarters, in doing Battalion Drill.

That your Memorialists, therefore, respectfully pray, that it may please your Honorable House to take the premises into your most favorable consideration, and to adopt the above measure, or such other measure or measures, as in its wisdom, your Honorable House may deem expedient, to render further aid and comfort to our noble Volunteers.

And your Memorialists will ever pray, &c.

AUDITOR'S REPORT.

To Kenneth Chisholm, Esq., Warden of the County of Peel:

SIR,—We have the honor to report that we have made a minute examination of the Treasurer's Accounts for the year ending 31st December, 1868.

The Treasurer has furnished us with proper vouchers as authority for all moneys paid by him.

We find that there was a balance on 31st December last, deposited in the Royal Canadian Bank, amounting to Two Thousand, Five Hundred and Thirty-nine Dollars and Eighty-five Cents, ($2539 85,) viz:—Current Account, $1784 80; School Fund, $590 00; and Non-resident Land Tax, $165 05.

The charge under the head of Interest has been paid on notes, discounted by order of the County Council, in the Royal Canadian Bank, by the Warden and Treasurer, to meet immediate demands against the County; and we find from enquiry at the Bank, that on the 31st of December last, there were no notes of the Warden or Treasurer under discount in that Institution.

We have also examined the Bank, Cash, and other official books of the Treasurer, and find that they have been kept in a very business-like, correct and satisfactory manner.

All of which is respectfully submitted,

WILLIAM DUGGAN,
RICHARD HAMILTON, } CO. AUDITORS.

AUDITOR'S OFFICE,
Brampton, County of Peel, 29th January, 1869.

Report of the Commissioners on County Property.

To the Corporation of the County of Peel:

Your Commissioners on County Property report as follows on the various matters that have been acted upon by them during the interval since the January Session of the Council:—

1.—In order to carry out the instructions of your Council as expressed by Resolution, your Commissioners decided on having the fence surrounding the County Grounds painted—the close board fence of a drab color, and the picket fence white, and to receive three coats of the best quality of paint, and instructed the Clerk to prepare a specification and advertise for tenders to be received up to the 10th day of April.

2.—Your Commissioners met on the 10th day of April for the purpose of opening and considering the tenders received, viz:—The tender of Robert Bell, of Toronto, offering to paint the picket fence on the North and South side of the County Grounds for the sum of

$3 07 per rod: the picket fence in front for $2.45 per rod, and the close board fence for $3.10 per rod; from John Ballantyne, offering to paint the fence all round for the sum of $3.75 per rod; from John McKinny, offering to paint the close board fence for $4.00 per rod, the picket fence on the North and South side of the Grounds for the sum of $3.70 per rod, and the picket fence in front for the sum of $3.00 per rod; from J. R. Morley, offering to paint the close board fence for the sum of $4.00 per rod, the picket fence on the North and South side for $4.40 per rod, and the fence in front for $4.00 per rod; from John Batchelor, for painting the whole at the rate of $2.81 per rod.

3.—Your Commissioners decided on accepting the tender of John Batchelor, it being the lowest, he to enter into a contract and give security for the due performance of the work; and instructed the Clerk to prepare a contract to that effect, which was duly entered into and the work performed to the satisfaction of your Commissioners.

4.—Your Commissioners received a Communication from the County Judge, requesting the use of the County Court Room, in which to hold the sittings of the Division Court; after duly considering the matter, and owing to the fact that there was no place available in which to hold the sittings of that Court, the Hall in which it had been formerly held having been destroyed by fire, the Commissioners having decided on allowing the use of the Court Room in which to hold the May sittings of that Court, and to referr the matter to the Council at the June Session for its consideration.

5.—Your Commissioners have also before them a Communication from the Warden of the County of York, in reference to a claim made by Mr. Shaver, the Commissioner appointed by the Council of the County of York to act in conjunction with one appointed by the Council of the County of Peel, in the erection of a Bridge on the boundary line between the County of York and that of Peel, for additional pay as such Commissioner; your Commissioners decided that the services of the Commissioner appointed by the Council of York, were of no greater value than those of the one appointed by this County, and that as the Council of this County had paid its Commissioner York should do likewise.

6.—Your Commissioners have expended about $20.00 in the purchase of ornamental trees which have been planted in the County Grounds.

7.—The annexed Schedule shows the amount and nature of the accounts passed by your Commissioners during the interval.

All of which is respectfully submitted.

PETITIONS.

To the Legislative Assembly of the Province of Ontario:

The Petition of the Corporation of the County of Peel,

HUMBLY SHEWETH,—

That in order to obviate any difficulties and inconveniences which now exist, or which may hereafter arise as to the true location of the Allowance for Road between the Township of Albion, in the County of Peel, and King, in the County of York, it is desirable and necessary that the true location thereof should be declared by the Legislature.

That by the Act 22, Victoria, Cap. 59, the location for Allowance for Road between the Township of the Gore of Toronto and of Etobicoke was declared to be on the Easterly side of the Line known as the 36 Mile, or Indian Line, which said Act the framer whereof, the Hon. J. C. Aikins, intended to apply to the Allowance of Road along the whole length of the said Line, and which ought so to have applied.

Your Petitioners therefore pray that an Act be passed, declaring the true location of the Allowance for Road between the Townships of the Gore of Toronto and Etobicoke, and Vaughan, and between Albion and King and Vaughan, shall be on the Easterly Side of the Indian or 36 Mile Line, or that the provisions of the said Act be extended to the whole length of the boundary between the County of Peel and the County of York.

And your Petitioners, as in duty bound, will ever pray.

K. CHISHOLM,
Warden.

Adopted November 24th, 1869,

WM. LINDSEY,
County Clerk.

To the Honourable the Legislative Assembly of the Province of Ontario, in Parliament assembled:

The Petition of the County Council of Peel

HUMBLY SHEWETH,—

That whereas the Township of Mono has applied to the County of Peel for Annexation, and to form a portion of the same, and

Whereas the Municipality of Mono and the County of Peel have mutually and amicably arranged the terms of Union,

Your Petitioners therefore pray that your Honourable Body will adopt such measures as shall give legal effect to, and consummate the union desired in the premises.

And your Petitioners, as in duty bound, will ever pray.

K. CHISHOLM,
Warden.

Council Chamber, Nov. 24th, 1869.

WM. LINDSEY,
County Clerk.

MEMORIAL.

To the Honourable the Legislative Assembly of the Province of Ontario, in Parliament assembled :

The Petition of the County Council of Peel.

HUMBLY SHEWETH :

That whereas it is contemplated by the Act to amend the Grammar School Law of the Province of Ontario now before the Legislature, to take from the County Council the power of appointing a certain number of the Trustees of the High Schools mentioned in the said Bill, and vest the power in the rate-payers of the Municipality in which such Schools may be situated.

And whereas the County Council of the County of Peel has always hitherto made considerable grants to the two Grammar Schools within the said County, and the Municipalities of Brampton and Streetsville, in which the Grammar Schools of this County are located. are too small to support such High Schools efficiently without such grant.

And whereas by withdrawing from the County Council the right of appointing a portion of the Board of High School Trustees, said High Schools will cease to be considered County institutions, or to have a claim upon the County for support.

And whereas your Petitioners are of opinion, that if they continue to give aid to such High Schools, they ought to retain the power of appointing a part of the Trustees as under the existing law.

Your Petitioners therefore pray, that the power of appointing a moiety of the Trustees of the High Schools may be preserved to the County Council, as under the present law,

Your Petitioners further pray that Girls may be admitted to all the rights and privileges hitherto exclusively granted to boys in the Grammar Schools in reference o attendance and education in such contemplated High Schools.

And your Petitioners, as in duty bound, will ever pray.

County Clerk.

Second Report of the Commissioners on County Property.

To the Council of the County of Peel:

Your Commissioners on County Property beg leave to report :

1. That in consequence of the requirements of a resolution of your Council, they were required to meet quarterly for the purpose of examining and passing the accounts submitted to, and audited by the Magistrates at the Quarter Sessions, which accounts your committee have had laid before them regularly.

2. Your Committee had, in many instances, to reduce the amounts allowed by the Magistrates, and in some few instances to refuse payment altogether, as there was neither Legal enactment nor Tariff to authorize payment of the same, and others have been left over for the consideration of your council, and which are hereto annexed.

3. On the 19th day of October last, your Commissioners instructed the Clerk to advertise for tenders for the delivery of One Hundred and Thirty Cords of good sound Hardwood, for use at the County Buildings, one-half to be dry and the other green ; tenders to be received up to the 5th day of November, on which day your commissioners met, and received, and

opened tenders from the following persons :—Thomas Lundy, offering to deliver 30 cords green wood at $3 50 per cord ; from Jas. S. Lundy, offering to deliver 10 cords of dry wood at $3 62½ ; from William Newhouse, offering to deliver 20 cords of dry wood at $4 20 per cord ; from Patrick McClure, offering to deliver 10 cords of dry and 10 cords of green wood at $3 50 ; from Thomas Robinson, offering to deliver 50 cords of seasoned wood at $3 50 per cord ; from Thomas Graham, offering to deliver 130 cords of good sound hardwood, one-half green and the other half dry, at $3 40 per cord ; from William Smith, offering to deliver 25 cords of dry wood at $3 75 per cord.

4. Your Commissioners accepted the tender of Thomas Graham, being the lowest, and for the full compliment, and instructed the Clerk to prepare a contract, binding the parties concerned, which was duly executed, and the greater portion of the wood has already been delivered.

5. In accordance with instructions received by resolution of your Council, your Commissioners disposed of the City of Toronto Debentures held by your Treasurer ; one to the Corporation of the Township of Toronto for 95c in the dollar, and the others to Messrs Pellet & Osler, Toronto, at 92½c in the dollar.

6. Your Commissioners are pleased to report, that in future the Commissioners on County Property will be relieved from the disagreeable duty of having (in the interest of the County) to overhaul and re-audit the accounts passed by the magistrates in sessions, as the law now provides for the appointment of a Board of Audit for the county, and authorizes the County Council to appoint such board.

All of which is respectfully submitted.

First Report of the Standing committee on county Property, Roads and Bridges, on the various matters referred.

To the Council of the Corporation of the County of Peel.

The Standing Committee on County property, Roads and Bridges, report as follows.

1 Your Committee have visited the County Jail, and found it in its usual clean and orderly condition. The only change your Committee deem it necessary to recommend at the present time is, the removal of the wooden fence immediately in rear of the Jail, and situate within the Jail yard, as it is considered not only useless but dangerous, to the safe keeping of the prisoners, and would recommend that the Commissioners on County property, have the same removed, and dispose of the material to the best advantage.

2 Your Committee have examined the Court House, which appears to be in a very good condition. The only complaint thereto being in reference to the slope in the floor, in front of the Judges desk, in the court room

where the Barristers sit, which is too low and unlevel. Your Committee recommend that the necessary change be made, which in their opinion will not cost more than $20.

Your Committee also find to their surprise, that one of the Rooms in the Court House is occupied by one of the Volunteer Companies, as an armory, which if known would invalidate our Insurance. Your committee therefore recommend that the Clerk notify the proper authorities to remove the arms and property of said Company forthwith.

4 The only communication referred to your Committee is that of John Haggert Esq., asking for the use of the Court Room, in which a lecture is to be given by Alexander McLachlan Esq. Your Committee recommend that the application be granted on the usual terms.

5 We have also received tenders for the supplies required for the use of the prisoners confined in the County gaol for the ensuing year from the following named persons :—from James Golding, for the delivery of bread ; from Jno. G. C. Sproule, Henry Osborne, and Thomas Crowforth, for the delivery of Beef.

6 Your Committee has accepted the tender of James Golding for Bread at 2½c per pound, being the only tender received.

Also the tender of Thomas Crowforth, for Beef at 8c per pound.

7 Your Committee would recommend the appointment of three Commissioners on County property, whose duty it shall be to take charge of all County property, and superintend all repairs, and to have and enjoy all the powers that Commissioners have had heretofore, and that Messrs Thomas Bowles, the Warden and Col. Price, be and they are hereby appointed Commissioners on County property.

All of which is respecitully submitted.

MEMORIAL.

To the Honourable the House of Commons, of the Dominion of Canada, in Parliament assembled:

The Petition of the Corporation of the County Council of Peel.

HUMBLY SHEWETH,—

That the Farmers, Producers, and Manufacturers of the Province of Ontario, are suffering great hardship and loss in consequence of the Products of the United States of America being allowed to enter the Dominion of Canada free of duty, while the products of this Dominion are subject to an almost prohibitary duty on entering the United States.

And whereas the Government of the United States show no disposition to remove or modify their Tariff, and have recently refused a very strong appeal from Nova Scotia to reduce the duty on Coal entering the United States from that province.

Your petitioners therefore respectfully solicit your Honorable House to adopt such a Tariff as will secure to the Dominion the home market for her products,

Your petitioners further submit, that since the duty on the Breadstuffs of the United States, entering the Dominion, has been removed, that this country is flooded with the surplus products of the United States, completely shutting out the Province of Ontario from our home market.

And your petitioners further submit, that in order to encourage Home Manufacture, and the proper developement of the Natural Productions of our Dominion, a duty should be levied on Breadstuffs, Coal and Salt entering the Dominion of Canada from the United States.

Your petitioners therefore humbly pray that a Law may be passed in accordance with the views enunciated in this petition, and as in duty bound your Petitioners will ever pray.

5th—Grammar School Accounts.

6th—Non-resident Land Tax Account, shewing the amount available to each Municipality.

I have much pleasure in being able to report a Cash Balance at the close of the year in favor of the County of $3287 92, after all the liabilities of 1869 are settled, as will be seen by a reference to statement No. 2.

This Balance in favor of the County is due to the general expenditure of the County being less than in 1868, and more particularly to the Law Reform Act, passed a year ago, whereby Two Courts of Quarter Sessions and County Courts are abolished, thereby saving last year as compared with 1868, nearly $1000 in the payment of Jurors, and the expense of summoning them to attend the Courts.

It was thought advisable last year to submit no Estimate of Expenses until the June Session of the Council. I intend to pursue the same course this year, as I am always better able at that time (seeing that the year is half gone) to make something like a correct estimate than at the beginning of the year.

All of which is most respectfully submitted,

GEORGE GRAHAM,
Treasurer Co. Peel.

Treasurer's Office, Co. Peel, Jan. 25, 1870.

Report of the Commissioners on County Property.

To the Council of the Corporation of the County of Peel.

Your Commissioners on County Property report as follows on the various matters acted upon by them since the January Session of the Council :

1. That in order to meet the views of your standing Committee on County Property, as expressed by their report in January last, and adopted by your Council, your commissioners have had the board partition in the rear yard of the County Jail removed, which removal was effected by prison labor.

(2.) Your Commissioners have also had the portion of the floor in the Court Room in front of the Judges desk, which is usually occupied by the Legal profession, raised to a level at a cost for labor and material of Thirty Dollars, which in the opinion of your commissioners, is quite an addition to the appearance of the room.

3. Your Commissioners have had before them an account from the *Times* Office, for printing Blank Forms for the use of Magistrates, amounting to the sum of Eighteen Dollars, and from the irregular manner by which said printing was ordered, they did not feel warranted in ordering payment of the same, and have referred it for the consideration of your Council.

Your Commissioners have, during the interim, ordered payment of the accounts set forth in the annexed Schedule,

All of which is respectfully submitted.

Second Report of the Standing Committee on County Property, Roads and Bridges.

To the Council of the Corporation of the County of Peel.

Your Standing Committee on County Property, Roads and Bridges report as follows:

1. They have had under consideration a petition from William Neely, Esq., in reference to a water course crossing the Town Line between the Townships of Albion and Chinguacousy.

5. From the Reeve of Brampton, in reference to the utilizing of prison labor on the public streets.

(1.) In reference to the petition of William Neely, Esq., your Committee recommend that the matter be referred to the Local Municipalities of Albion and Chinguacousy, who are the proper parties to deal with it.

(2.) In reference to the application of the Sheriff, requesting a grant of lumber to erect a small shed in the rear of the gaol ; and the furnishing of a Medicine Chest for the use of the gaol Physician, your Committee recommend the Commissioners on County Property to procure the same, as the shed can be built by prison labor.

(3.) In reference to the sinking of a well in front of the County Gaol, your Committee are of opinion that if the present well in the rear yard of the gaol was cleaned out, and the pump repaired, it would answer all purposes, and therefore recommend that that be done.

Report of the Commissioners on County Property.

To the Council of the Corporation of the County of Peel :

Your Commissioners on County Property beg leave to report as follows on the various matters referred, and also on their connection with matters necessary to the welfare of the County, which have been acted upon by them during the interim since the June session of the County Council.

1. Pursuant to instructions received from your Council, your commissioners instructed the Clerk to prepare a plan and specification for the construction of a Bent in front of the Court House, and to advertise for tenderr for the erection of the same, to be received by him up to the 18th

day of June last, on which day your commissioners met, and received and opened tenders from the following persons, viz :—

From James Smith, offering to construct the bent for the sum of $16 50 per rod.

From Thomas Graham, offering to construct the same for $18 per rod.

From Hugh Anthony, offering to do the same for $16 57 per rod.

The tender of James Smith was accepted by your Commissioners, being the lowest, and the work has been executed to their satisfaction.

2 Your Commissioners also instruced the Clerk to procure lumber for the erection of a small building as directed by your council, and also to have a medicine chest made for the use of the gaol physician. The lumber for the building has been procured, but it has not been erected from the fact that there has been no prisoners in the gaol capable of doing the work. The medicine chest has been procured and is now in use in the gaol.

3. Your Commissioners received a communication from the Reeve of the Township of Etobicoke, (who is also one of the commissioners on County Property for the County of York) stating, that the bridge over the river Etobicoke, on the boundary line between the Counties of York and Peel, near Silverthorn's Mill, had been damaged by the flood and was in a dangerous condition, and requesting your commissioners to appoint a commissioner to act in conjunction with one to be appointed by the County of York, to attend to the necessary repairs required thereon. Your commissioners appointed Col. Price on behalf or your council, and the bridge has been repaired at a cost to this County of $138.

4. Your Commissioners have had before them accounts from Doctors Delahaye and McCollum, for attendance on, and also the examination of a lunatic named Wheeler, who attempted to cut his throat in the Township of Chinguacousy ; also an account from County constable Cook for services rendered in connection with the same person. As the lunatic was sent to the Asylum at Toronto without having been committed to the county gaol, your commissioners were doubtful as to whether the payment of these accounts came within the meaning of the report by which authority is given for payment for the attendauce on, and the conveyance of lunatics to the asylum, and have referred them for the consideration of your council.

5. Owing to authority given by a standing order of council, your commissioners have sent the Deaf and Dumb boy Green (who was formerly at the institution for the education of the deaf and dumb at Hamilton) to the institution at Belleville, at a cost of $6 a month to your council.

6. Your Commissioners met on the 5th day of December last, for the

purpose of opening tenders (which had been previously advertised for and received by the Clerk) for the supply of 140 Cords of Hardwood—one-half to be green and the other half seasoned—to be delivered at the County Buildings.

Tenders were opened from the following persons, viz :—

Alexander Giffin, offering to deliver 10 cords of green wood at $3 38 per cord.

William Anderson, offering to deliver 70 cords of green wood at $3 40 per cord.

Thomas Graham, offering to deliver 140 cords, one-half green, and the other half dry, at $3 60 per cord.

After giving the matter due consideration, your commissioners accepted the tender of Thomas Graham, as it fulfilled the requirement of the notice calling for tenders, and also contained the full quantity, including 70 cords of dry wood, which could not have been done without.

7. Your Commissioners have had before them a communication from the Warden of the County of York, referring to the unsafe state of the covering on a bridge on the boundary line near Burnhamthorpe, and requesting your commissioners to have the same repaired, and that the County of York would pay half the cost. Col. Price, Reeve of the Township of Toronto, has been appointed to see that the same is properly repaired.

8. Your Commissioners have had before them an account from Dr. Pattullo for services rendered in connection with the examination of lunatics and giving evidence at an inquest. As the charges were higher than your commissioners have been in the habit of paying, and as the Doctor refused to reduce the same, your commissioners have thought proper to refer it for the consideration of your council.

9. Your Commissioners, on examination of the quarterly accounts for Medicines supplied for the use of the prisoners confined in the gaol, concluded that the manner in which they were procured was most expensive, and that a great saving would be effected by receiving tenders for the supply of the same, instructed the Clerk to obtain from the gaol physician a list of the medicines most likely to be required for use in the gaol, and in sufficient quantity to last for a year or two, and to receive tenders from the Druggists of Brampton for the supply of the same. Tenders were received from C. Stork, Esq., and Messrs Magurn & Bannister. That of Mr. Stork was accepted, being the lowest. The low rate at which these medicines have been furnished, fully convinces your commissioners that at least a saving of one-half of the former cost will be effected.

All of which is respectfully submitted.

MEMORIAL.

To the Hon. the Legislative Assembly of the Province of Ontario in Parliament assembled.

The Memorial of the Council of the Corporation of the County of Peel,

HUMBLY SHEWETH :—

That great inconvenience is felt by the Council of many Municipalities in the Province of Ontario, owing to a Statuary enactment preventing them from investing their surplus funds in securities within their own Municipality, and to one-half the actual value of the property offered as security.

Your Memorialists therefore humbly pray that Section Number Two Hundred and Seventy-two of the "Municipal Institutions act of Upper Canada" be amended, so that Municipalities having surplus funds may invest them on first-class securities on real estate within their own Municipality to at least one half of the actual value of the property offered as security for the same.

And as in duty bound your Memorialists will ever pray.

TREASURER'S REPORT.

To THOMAS BOWLES, Esq., Warden of the County of Peel ;

SIR,—I have the honor herewith to lay before the Council the following Financial Statements of the County of Peel for the year 1870.

No. 1.—The four Quarterly Accounts in Abstract and Detail with the Vouchers.

No. 2.—Statement of Cash Assets and Liabilities as they stood on the 31st December, 1870.

No. 3.—Statement of the General Affairs of the County as they stood at the close of the year.

No. 4—Non-resident Land Tax Account with Vouchers, showing the amounts available to each Municipality.

5.—Common School Accounts.

6.—Grammar School Accounts.

I have much pleasure in being able to report a Cash Balance at the close of the year in favor of the County of $3,303 96 after all the Liabilities of 1870 are settled, as will be seen by a reference to Statement No. 2.

It has been the practice for the last two years to submit no Estimate of Expenses until the June Session of the Council. I intend to pursue the same course this year as it is much easier to estimate then (seeing the year is half gone) than it otherwise would be if made at the beginning of the year.

All of which is most respectfully submitted,

Treasurer Co. Peel.

COMMUNICATION FROM THE COUNTY TREASURER.

To the Warden of the County of Peel.

SIR,—

I beg herewith to hand you my Estimate of Expenses for the year 1871. The amount is a little over last year, in consequence of an alteration in the School Act compelling the County Council to provide a sum equal to half the amount of Government grant to High Schools—this will be about $250 more than the usual grants given to the Grammar Schools. I am not aware as to any additional expense in connection with the Board of Examiners to be appointed under the new School Act. I should think that expenses of the old Board of Public Instruction would be equal to that of the Board of Examiners.

I have the honor to be, Sir.

Your obedient Servant,

Relative to No. 15, or the account of Sheriff Broddy, we recommend him to claim his expenses from the Government, as we do not think it equitable that the townships of Albion and Caledon should be parties to the payment of said claim, they having no interest in the Electoral Divisions of Peel.

Report of County Inspector of Schools.

To the Council of the Corporation of the County of Peel.

GENTLEMEN,—

I have the honour to report that during the past half-year I have visited each of the 83 schools under my charge once, and ten of these a second time, spending on an average 3½ hours in each.

I have examined the classes and inspected the school premises, in every case recommending such changes and improvements in the school accommodation, classification of pupils &c., as I deemed necessary, according to the Regulations provided by the Council of Public Instruction, In my next round of visits it will be my duty to see that these recommendations have been carried out as far as possible.

I have found it utterly impossible to make a thorough inspection of the schools in visits of half a-day each, but hope in future to be able to devote at least three half days in every year to each school under my care—a whole day during the first half, and half-a-day during the second or shorter "half."

My efforts have hitherto been chiefly directed to the improvement of the system of teaching Spelling, Reading and Mental Arithmetic. The two latter of these branches I find to have been greatly neglected, as I very seldom was answered such questions as—" If the price of marbles be 3c. per dozen, how many will a boy get for 5c., while in reading most Teachers seemed quite contented if their pupils could *say the words* as they came, without any attention to emphases or proper pauses. In Spelling I examined the Fourth and Fifth Book Classes in every School on twenty words by no means specially difficult, selected from the 2nd and 3rd Readers ; and found that *seven* school averaged 15 right out of 20, or 75 per cent. while ten averaged 25 per cent, and the average over the County was but 50 per cent ! I may just remark as a partial explanation of this very unsatisfactory state of things, that I found some half-a-dozen of the Teachers quite unable to assist me in correcting the slates of their pupils, as was clearly shown by their marking as wrong several words that were right, and *vice versa.*

Another cause of the backwardness

of our schools is that too many of our Teachers, however diligent they may have been in acquiring an acquaintance with the various text-books used in our schools, and in otherwise adding to their general information, do not seem to have paid anything like proper attention to *learning their business*, either in the way of reading professional works or of visiting each other's schools, and thus endeavouring to gather whatever is best in the methods of instruction and discipline pursued by their fellow-teachers. This want I have tried to remedy or supply by establishing Teachers" Associations in four central points, and I believe that the Teachers generally will derive both profit and pleasure from thus meeting once a month for a friendly interchange of difficulties and suggestions. I have also been in the habit of taking one or two classes in each school, (generally Reading and Grammar) entirely in my own hands, and teaching them, so far as I could in the most approved manner. There are however certain subjects in the New Programme—Botany, Zoology, Chemistry, &c.,—which have hitherto been taught in few but City Schools, and with the best modes of teaching which I am consequently myself very imperfectly acquainted. I propose, therefore, to spend whatever spare time I may have during the current year, in visiting the Model and other Schools in Toronto and elsewhere, and after observing the systems pursued by the different Teachers, and gathering the best points—the cream as it were—from all, give the Teachers of this County the benefit of these observations when visiting their schools, or at the meetings of the various Associations.

But by far the greatest cause of the low state of our Schools is the *irregularity of attendance.* The average attendance of few Schools in the County exceeds half the number on the Register, and many schools have returned me the names of 40 children who have attended less than four months during the year. The principal reason of this I believe to be the great distance of many of the children from their respective schools—numbers of them having three miles to walk, and some even more. I have already informally submitted to many of you a scheme for the establishment of "Township Boards" in the several Municipalities of the County, which if adopted by the people, would, in my opinion, to a great extent remedy this evil.

Hoping before your next meeting to have leisure to prepare and submit to you a fuller and more methodical report of the state of the Schools you have placed under my supervision,

I have the honour to remain,
Gentlemen,
Your obedient servant,
D. J. McKINNON,
Inspector of P. S.,
County of Peel,

Brampton, 25th Jan., 1872.

MEMORIALS.

Memorial Praying for the Release of George Parker, a Prisoner confined in the County Gaol.

To His Excellency Baron LISGAR, P. C. G. C. B. G. C. M. G., Governor General of Canada, &c., &c.

The Petition of the Council of the Corporation of Peel, in Council assembled,

HUMBLY SHEWETH,—

That this Council would call the Governor General's attention to the case of George Parker, who is now undergoing sentence for the term of one year at hard labour, in the Common Gaol of this County, for an assault.

And as the said George Parker has always borne an irreproachable character, as a peaceable, well disposed and enterprising citizen,

In our opinion the said George Parker has suffered sufficiently for the offence of which he was charged and sentenced, on his own confession, on the 21st day of September last passed, and we further humbly pray that your Excellency will exercise your prerogative and grant his immediate release from further punishment.

Warden.

MEMORIAL

To the Honourable the Legislative Assembly of the Province of Ontario in Parliament assembled.

The Petition of the County Council of the County of Peel in Council assembled,

HUMBLY SHEWETH,—

That owing to the passing of the Law Reform Act of 1868, a much less number of Jurors is required than was formerly necessary, but no corresponding change has been made in the Jury Act, and the large and unnecessary number has, still to be selected.

That the method of selection under the 53rd and following Sections of the Act respecting Jurors and Juries, Consolidated Statutes of Upper Canada, Chapter 31 is cumbersome and expensive.

That in the opinion of your petitioners the ascertaining and noting the names of persons who have served, and transferring the names of selected jurors to the Jury List, could as well be done by the the Clerk or other officer in his office, and that the actual selection is all that is necessary to be done in open Sessions.

That in the opinion of your Petitioners the change suggested would not in any way interfere with the public safety or interest, and would add considerably to the great saving in the Jury expenses already effected in the Law Reform Act.

Your Petititioners therefore pray your Honourable House to pass an Act to amend the Act respecting Jurors and Juries, as to require only the selection of the number of jurors absolutely necessary, and to limit the action of the selection under that Act to the actual selection of Jurors.

And your Petitioners as in duty bound will ever pray.

(Signed,) **THOMAS BOWLES,**
Warden.

Members all present.

The Warden read Petitions from a number of the Electors of the Townships of Caledon, Chinguacousy and Toronto, requesting him to call a meeting of the County Council, for the purpose of submitting a By-law for the consideration of the Electors of the said Townships granting a Bonus of $80,000 to the Credit Valley Railway Company.

The Committee rose, reported progress, and asked leave to sit again on Wednesday next, which report was received and leave granted.

Mr. Parker gives notice that he will, on Wednesday next, move that whereas several Petitions have been presented to this Corporation, requesting them to submi a By-law to the Electors of the Townships of Toronto, Chinguacousy, and Caledon asking them to grant aid to the amount of $80,000, towards the construction of the Credit Valley Railroad.

That under the Provisions of the 6th Clause of the Charter of the Credit Valley Railroad; they are obliged to submit said Bylaw, although a majority of said Council were against such act.

Committee Room,
March 8th, 1872. Adopted.

OPINION UPON THE SCHOOL LAW.

Our opininion has been requested by Thomas Bowles, Esquire, Warden of the ounty of Peel, on the following case :—

Before the Act 34, Vic., Chapter 33, (Statutes of Ontario,) was passed, the Village of Brampton was a Grammar School Division. Since the above Act was passed, he County Council has passed a By-law, enacting

"That the High School District for the Grammar School at Brampton shall comprise the Incorporated Village of Brampton, and that the said Municipality of Village of Brampton is hereby formed into such High School District."

Such By-law does not in any way alter the said Division which had been estabished before the said Act was passed. The Village of Brampton has appointed ne person as a member of the High School Board of such District.

Although the language of the Act is not so clear as to put it beyond all question, ve are of the opinion that the true meaning and intention of the Act was to provide hat in case the County Council did not deem it necessary or advisable to alter the imits of an existing and already established Grammar School Division, such Divison should be called and be and continue as an high School District till altered, and that the County Council in such case would have power to appoint *six* duly qualified persons as members of the High School Board.

We are of the opinion that the Village of Brampton has not power or authority to elect or appoint a person as member for the High School Board.

The County Council has determined the limits of the High School District for the Grammar School existing before the said Act at Streetsville, and has altered the limits of such District, so as to comprise the Village of Streetsville and the Township of Toronto.

We are of the opinion that the County Council is authorized to appoint *six* duly qualified persons as members of the Board of such District, and no more.

Report of Committee to Investigate into the School Section at Cheltenham.

To the Council of the Corporation of the County of Peel.

We, the undersigned, Arbitrators appointed by your Council to settle certain disputes respecting Schoo Section No. 4, of the Township o Chinguacousy, respectfully report a follows :—

We attended a meeting of the Freeholders and Householders of the said section at the Section School-house, and heard and investigated all the complaints and allegations that were submitted to us.

It appears that the section as formerly constituted comprised, the 6th, 5th, and west-half of the 4th concessions west, from lots 28 to 34 inclusive. The School house was on the 4th line, and the School was very irregularly kept up, being supported by only a few families in the immediate neighborhood.

About twenty years ago a change was made in the section by taking in the village of Cheltenham and giving off a portion at the head of the Township to another Section, and at the same time, or shortly afterwards, the School site was changed to the centre of the 4th concession, and a new School house built there.

Those residing on the 5th and 6th lines allege that they consented to this arrangement under a promise that they would not be called upon to pay anything towards the support of the school, and that this arrangement was kept up for some years, or so long as the school was supported by rate bill.

When the schools were made free, this arrangement, if such a one was in fact made, was broken up, and all had to pay school tax on their property. No definite objection or protest was made until the erection of a new school house was proposed, when those on the west side used every legal means by protest, opposition at school meetings, petition to the Township Council, and, finally, appeal to your Council, to avoid being burdened with this expense. In this they failed. The school-house, a very good one, has been built and partly paid for, and now they wish to have the section changed back to what it formerly was, or, failing that, to have such a re-arrangement of the section as will give them reasonabe schoo accommodation.

There is no doubt that the discontented parties suffer severe hardships in regard to school sections. The nearest of them are following the roads over two miles from the school-house, while the most of them are three or four, and some nearly five miles distant, and nearly all are practicably debarred from using the school, to the support of which they are obliged to contribute.

On the other hand, those who reside near the school house allege that the section is now one of the smallest in the Township, and that a division of the section, or transfer of portions of it to others would leave them subject to a school tax largely in excess of that paid in other sections.

It would be more satisfactory if instead of merely stating the facts of the case, we could feel justified in making an amend that would give at least some measure of relief. The act under which we are appointed gives us power only to confirm or disallow a By-law or Resolution which has been or may be passed by a a Township Council, for the formation or alteration of a school section. The only thing we could do in the matter would be to confirm or disallow a Resolution passed in 1851. We feel that to do either the one or the other would be inexpedient, on the grounds that neither would effect a satisfactory settlement of the existing difficulties, and that after the length of time that the Resolution has been in force, very strong and satisfactory reasons should be shown before disallowing or interfering with it.

In our opinion the only practicable, or even possible, remedy for the existing inconvenience is a re-arrangement of that and adjoining sections, perhaps including union sections, and this is beyond our power.

All of which is respectfully submitted.

Report of the Committee appointed to consider the claims of the County of Peel to a share of the division of the Surplus Moneys of the Province of Ontario, beg to report as follows:

Whereas the County of Peel is not indebted to the Government for any moneys belonging to the Municipal Loan Fund, or from any other fund, and have never had any benefit therefrom, although the County of Peel has contributed largely to the revenue of the country from which the Municipal Loan Fund is derived.

And whereas all public improvements within this County have heretofore been paid, or are to be paid, by local tax on the rateable property of the Local or County Municipality, and as a portion of this County and several of the local Municipalities therein have become heavily indebted for subsidies granted to secure better railway accommodations within said Municipalities, and in consequence of such indebtedness are unable, without oppressive taxation on the people, to procure such sums as are required and necessary for educational and other important objects in your charge.

Your Committee, therefore, are of opinion that in a division of the Surplus Moneys of Ontario the claims of the County of Peel to a proportion thereof are undeniable, and recommend that this Council appoint a deputation of their members to place the claims of this County for a proportion of the Surplus before the Government of Ontario.

All of which is respectfully submitted.

Report of the County Inspector of Public Schools.

To the Municipal Council of the County of Peel:

GENTLEMEN,—I have the honor to report that during the past year I have twice visited each school in the County, spending on an average, at each visit, at least half a day, the greater part of which was, in all cases, given to written examinations, in the three important branches of *Spelling*, *Grammar* and *Arithmetic.*

In *Spelling* I am happy to find that since my first inspection great advances have been made in the schools generally; the improvement being chiefly due, in my opinion, to the almost universal introduction of exercises in dictation, which, by educating the eye as well as the ear, prepare the pupil for the spelling of real life, which is, of course, entirely written. We must not, however, rest satisfied so long as it can be said that there are Fourth Class pupils in the County who are unable to spell correctly 20 per cent of test words selected from the Second Reader.

The examination in Grammar showed the schools to be more upon a par in that subject than in Spelling and Arithmetic. This " par," however, is not so high as might be wished—say about 40 per cent. of the questions proposed, in the higher classes and 25 in the lower.

In Arithmetic some few schools nearly " swept the papers," which were of the simplest character; while a few others did not work more than 10 per cent, and in one school, of some forty pupils, not so very far behind some others, I found only *one* pupil who could set down " two hundred and three " in common figures.

The best examination in the County, was passed by the school in S. S. No. 7, Chinguacousy, Mr. A. Walker, teacher, which out of twelve written examinations —three to each of four classes—made 66 per cent, as the lowest mark, and averaged 75 per cent on the whole.

The improvement in *Reading*, to which special attention was also devoted, was very encouraging.

In *Geography* and *History* I examined where I found time, which I regret to say was seldom; *Music*, *Drawing*, *Object Lessons*, *Agricultural Chemistry* and *Natural History* are taken up in comparatively few schools, and it appears to me that these subjects, with the exception of *Object Lessons*, should be, for some time to come, considered optional with the Trustees and Teacher of each school, as the majority of pupils and teachers, in this County at least, have at present quite enough to do with the more common branches.

That the progress made in the schools generally has been satisfactory, I believe to be in the main due to the salutary repressive tendencies of the *Limit Table*, issued by the Council of Public Instruction which has placed a certain restraint upon what one of themselves aptly termed " the mania for *turning over leaves*," which has hitherto influenced many teachers to press their pupils into classes and studies for which they were totally unqualified, to the extreme prejudice of thorough drilling in the more important branches of a common education. I am happy to say that all but a few schools have already been classified as nearly as practicable according to the new *Programme*, the effect of which change is illustrated by the fact that not more than *one* scholar is now reported in the fifth class for every *ten* a year ago.

I am also glad to observe that an increasing interest is being manifested by pupils in rural schools in preparing themselves for entrance to the County High Schools, as is shown by the fact that more than two to one of the pupils admitted by the examiners, to the Brampton and Streetsville High Schools, during the past year, came from the neighboring townships. It is certainly to the interest of education generally that the more advanced pupils of our public schools should in every legitimate manner be encouraged to seek admission to the High Schools, as in this way three very desirable ends would be attained:— Such pupils would themselves enjoy superior educational opportunities; the junior majority of the schools they leave would receive more of their teacher's time and care, and the High Schools would be incidentally benefitted by the accession of more pupils, which in these days means more *funds*. In this connection, I would respectfully suggest to your consideration, the advisability of making a small grant in the way of one or more annual scholarships to be awarded to the pupil or pupils from outside the villages in which High Schools are situated, who take the highest marks at the entrance examinations to either of the County High Schools. I am convinced that such liberality on your part would lead to greatly increased activity and perseverance on the part of both teachers and pupils, in the County schools, and would, at the same time, place a golden opportunity before some poor but talented boys, who would see in it a chance to earn their own education, and who might live to be a credit to the County which first helped them to help themselves. When it is remembered that every High School pupil draws from $18 to $20 from the Government, it will be seen that should even *three* new pupils be thus induced to attend the High School, the increased Government allowance would, even from a pecuniary stand-point, more than repay the investment of, say $50, in the manner indicated.

Since my last report five new school houses have been erected in the County (one stone, three brick and one frame). These buildings are, generally speaking, roomy and substantial structures, but two of them are, unfortunately, located in situations ill calculated to serve the convenience of the townships as a whole, in case taxation for school purposes should, as I think it must, become municipal rather than sectional. It is evident that if each school is supported by the township as a whole, the fewer the schools, the lower the taxation; and that in order that the minimum number of schools may accommodate the maximum number of children, the schools must be situated at regular and convenient distances.

And here it may not be out of place to briefly sketch the proceedings of the Committees appointed by you, to revise the school section boundaries in the Townships of Albion, Chinguacousy and Toronto. After spending much time and study upon the matter, the Committee for each Township unanimously agreed upon a scheme of revision, which they have published in the local papers, with an invitation to school meetings and individual rate-payers to send in, for consideration by the Committee, such objections or suggestions as they might see fit to make. In Albion, although this plan considerably lessened the maximum distances to be travelled by the children generally, and at the same time tended to equalize taxation, the Committee were themselves far from being satisfied with the amount of improvement effected in either respect. In Chinguacousy the average maximum distance was reduced by *quarter* of a mile; the difference between the smallest and largest section reduced from 2600 acres to 700, and the number of schools to be supported diminished by *three*. In Toronto Township the maximum distance was reduced by half a mile; the areas (prospective unions being taken into account) were much equalized, and the number of schools diminished by *three*. The scheme has, however, for various reasons—some of them perhaps *un*reasonable—given great dissatisfaction to many, as is proved by the fact that of the annual school meetings which took up the qnestion in Albion, *two* were against the scheme and but *one* for; in Chinguacousy, *four* against and *five* for; and in Toronto, *three* against and *four* for. The Committees have felt that many of the objections urged had both reason and justice in them, and have accordingly petitioned the Legislature for certain amendments to the School Law, the most important of which is, perhaps, that which is designed to prevent the injustice now so often done to those who, by a change of boundaries, are required to pay for the erection of two school houses, while their neighbors step into their places without paying for any.

It seems to be the general sentiment of the people of this County that our present sectional system should be in some manner amended, but they are nevertheless strongly opposed to the introduction of the "Township Board" system, chiefly on the ground that under its operation the control of the schools would be removed too far from the hands of those most interested. A scheme combining some of the best features of both the Township and Sectional systems has been received favorably by most to whom I have mentioned it, and will be substantially brought before you this morning in a petition from certain Trustees.

I shall defer remarks upon the School Statistics of the County until your June Session, when I hope to be in possession of fuller information than at present.

All of which is respectfully submitted

11. Your Committee have been unable to consider that petition of the act respecting corrupt practices at elections, but strongly recommend that the same be made similar to the act passed for the election of members for the Legislature, it being defective in many parts, provided for in said act, viz :—personating of voters, double voting, treating, &c.

Your petitioners therefore pray that you will take these matters into your serious consideration.

WM. LINDSEY, Clerk.

ROBT. COTTON, Warden.

Passed in Council at Brampton, the 31st day of January, A. D. 1873.

To the Honorable the Legislative Assembly of the Province of Ontario:

The Petition of the Municipal Council of the Corporation of the County of Peel humbly sheweth :

That among the most enlightened nations of Europe the conservation of their forests has been carefully maintained by wise and wholesome laws to the manifest benefit of their climatic condition, as well as their agricultural, mechanical and general economical interests,

That the destruction of the forests over a wide extent of the central and northern portions of this Continent has been, and continues to be so rapid, extensive and indiscriminate as seriously to create alarm in the minds of all thoughtful men, on account of the consequent deterioration of climate, and its attendant injurious effect upon so important a national interest as agriculture; also on account of the rapid increase in price, and at no remote period the scarcity of timber which must retard, and even prevent the execution of many economic enterprises of importance :

And whereas, the Legislatures of States of the neighboring Republic have already passed laws with reference to the conservation of forests, and of planting forest trees, and it is desirable that this Province should pursue a similar course of action.

Your petitioners therefore pray that you will take this matter into your serious consideration, and enact such laws as your wisdom seem calculated to arrest and prevent the evils complained of in their petition.

Passed in Council at Brampton, February 1st, 1873.

ROBT. COTTON, Warden.

WM. LINDSEY, County Clerk.

To the Honorable the Legislative Assembly of the Province of Ontario in Session assembled, humbly sheweth:

The petition of the County Council of the County of Peel, humbly sheweth :

That your petitioners are of opinion that it is desirable for the educational interests of the Province that the law relating to Public and High Schools be amended in the following particulars :

1. That the large and arbitrary powers now vested in the Board of Public Instruction should be restricted to matters of a purely administrative character.

2. That the office of County Inspector should be abolished, and the laws in force previous to the act of 1870 and 1871 as to the offices ot Local Superintendents of Schools should be reinacted.

3. That section 16 of the Vic. 34, Cap. 33, should be amended by striking out the words " majority of the" between the words " the" and " trustees," and also the words " any five" between the words " or" and " ratepayers" in the first line; and that the words " a majority of the" be inserted between the said words " or" and " ratepayers" in the said first line.

4. That in all cases the words " local superintendent" should be inserted in place of the words " County Inspector" ; and your petitioners therefore pray that provisions be made to give them effect of law to the alterations above mentioned. And your petitioners as in duty bound will ever pray.

ROBT. COTTON, Warden.

(Not Adopted.)

To the Legislative Assembly of the Province of Ontario in Session assembled,

The petition of the Corporation of the County of Peel by the Council thereof, humbly sheweth :

1st. Under the existing law both the Government and the local municipalities receive fees on Tavern and Shop License which in the opinion of your petitioners is an unnecessary provision of the law.

Your petitioners would therefore pray :

1st. That an act be passed providing that the whole fees to be paid for Tavern and Shop License in Ontario shall be paid to the Treasurers of local municipalities.

2nd. That the officer of Isssuer of License in Counties be abolished.

3rd. That the full control of the issue of Tavern and Shop License, and the regulations for the management of the same together with the moneys arising from the sum paid for such license shall be vested in the village, township, town and city municipalities respectively.

4th. That the price of license in Townships shall not be less than $30, and in incorporated villages not less than $50.

All of which is respectfully submitted.

Report of the Special Committee appointed in reference to Prison Labor.

To the Warden and Council of the County of Peel.

The Committee appointed to consider the best plan to be adopted to employ the prisoners now or hereafter to be confined in the County Gaol, and dispose of their labor, beg leave to report:

That they have made enquiry as to the number of prisoners generally confined in the County Gaol, and the amount of labor done by them, and find they are not employed to as full an extent as they should be, owing to their not being work for them, whereby the County is put to a considerable expense in their keep, without any return.

Your Committee would therefore recommend that the Sheriff of this County would be asked to assist the County in obviating this loss, and to allow the Municipality of Brampton to deliver within the Gaol walls, from time to time, such quantities of stone as he deems prudent to be broken by the prisoners, for the use of said Municipality, while they are not engaged in the labor of the County, the said Municipality agreeing to pay the County therefor per toise such sums as may be agreed upon by the Municipality and the County Council, not exceeding two dollars per toise.

Second Report of the Standing Committee on Education.

To the Council of the County of Peel :

Your Committee beg leave to report as follows :

In reference to a communication from His Honor Judge Scott, declining under present circumstances to act on the Committees appointed by this Council to revise and alter the boundaries of School Sections in the Townships of Toronto, Chinguacousy, and Albion, your Committee are of opinion,

1. That under the Statutes, Vic. 34, cap. 33, sec. 16, Ontario, this Council had the power to appoint the said Committees, and it does not appear to them that it was necessary that the appointment should have been made by By-law.

2. That to appoint the said Committees was the only power delegated by the said Act to County Councils, and that further, that by making such appointments, and providing payment for such Committees' services, the County Council has no power to deal with the matter.

3. That the resolutions passed at the January session of this Council, whereby the Committee appointed to revise and alter the boundaries of the School Sections in the Township of Toronto was discharged, was so passed without proper authority or power so to do, and is of no effect.

4. That it is generally admitted that alterations should be made in the boundaries of many sections in the said Township, and in consequence of the number of new school houses required to be erected at the present time, it is very desirable that the alterations required should be effected at the present time.

Your Committee would therefore recommend that said Committees be requested to complete the work for which they were appointed, and to report at the January session of this Council.

All of which is respectfully snbmitted.
